RE: Proposed "Special Events" Ordinance, April 2nd 2013

We the undersigned urge the Santa Barbara Board of Supervisors to not pass the amendments proposed by the Planning Commission on the Special Events Ordinance. There has been no economic impact study on the P&D proposal, which is critical, due to the substantial effect on jobs, livelihoods and businesses which could have incomes reduced by up to half. The amendments say nothing about the critical issues of public nuisances (impacts) such as noise, traffic, parking, lighting and dust. Please delay consideration of these amendments until a second option, the Good Neighbor Special Events Ordinance, has been studied.

PLEASE PLAN TO ATTEND AT 1:00PM ON TUESDAY, APRIL 2nd

(The hearing will be on the 4th Floor Public Hearing Room in the County Administration Building at the corner of Anacapa & Anapamu across from the Courthouse. You can park in the garage across Anacapa Street.)
