Laura,

Thanks for the invite to your swearing in. I'll be there.

Also: I understand you've spoken with Phyllis Noble, Prez of the Summerland Citizens Association about their - the community's - appeal of John Price's proposed illuminated gas station sign on the rear of the building facing the freeway. I live in Summerland and am very conversant about this controversial project, or rather the politics behind it.

I certainly hope you have a chance to visit the site. The Association has a scale "model" of the sign you should see to realize the potential county-wide impact, both light pollution and safety - of signage this size all along the 101.

I know Nelson's coming to visit, as have other supes.

Best,

Bob
