Recommended Actions:

That the Board of Supervisors:

Direct the Auditor-Controller to compile and record the transfers and revisions of appropriations necessary to close the County's accounting records for all County Funds effective for the Fiscal Year ending June 30, 2017; pending approval by your Board at the July 11th, July 18th, and July 25th meetings.

Summary Text:

The year-end closing process is accomplished during the period from June 30th to July 10th. During this process, there may be certain inter-fund transfers, contingency transfers, revisions, or adjustments necessary to efficiently and effectively accomplish the closing process. The last Board of Supervisors Meeting on June 20th, 2017 occurs prior to the end of the Fiscal Year 2016-17. As a result, we are recommending that the Board direct the Auditor-Controller to compile and record these entries as of June 30, 2017 pending approval by your Board at the July 11th, July 18th, and July 25th meetings.

Background:

It is anticipated that these transfers, revisions, and adjustments will be ministerial as most of the pre-closing transfers are processed prior to the end of the fiscal year. There were eighty such transfers processed during the prior year-end close. This includes the Residual Fund Balance budgetary entries processed for all applicable funds at the close of the books. These transfers consisted of changes to fund balance components, draws on contingency for departmental appropriation overruns, and recognition of unanticipated revenue. Many of these were ministerial, some were based on prior Board actions, some were necessary for legal compliance and a number were done to accommodate proper accounting practices. To maximize the efficiency and effectiveness of our operations, we are recommending that the Board direct the Auditor-Controller to process and compile these entries pending approval by your Board.

Performance Measure:

The recommendations are primarily aligned with actions required by law or by routine business necessity.

Fiscal and Facilities Impacts:

To be determined
