Subject: March 18 hearing on Goleta Beach

Categories: Complete (Docketed & Attached)

Dear County Board of Supervisors;

Goleta Beach is a special to me. I want the rock seawall removed and the park and beach protected. Please support a hybrid alternative which would remove the unpermitted revetments, retain the existing number of parking spaces, but also install a cobble berm to better protect the park, the restaurant and the beach.

Thank you.
