RE: Consideration of Amendments to Cannabis Cultivation Regulations

Chair Hart and Members of the Board of Supervisors,

As a follow-up to the June 8, 2020 letter from the City addressed to the Board of Supervisors, the City wishes to continue to go on record with its position related to the excessive concentration of cannabis grows west of City limits. The City's position related to permitting of cannabis cultivation operations has remained consistent for some time. In particular, the odor impacts associated with these grows go beyond what is considered to be acceptable to the City. Please consider the City's position on this matter as it has been expressed consistently throughout process and as previously conveyed by Buellton City Council resolution. The City of Buellton appreciates the consideration of the Board of Supervisors during the discussion and deliberation of changes to the County's cannabis cultivation regulations.

Respectfully submitted,

*Andrea Keefer*

Andrea Keefer, Planning Director
