**Recommended Actions:** That the Board of Supervisors adopt a Resolution authorizing certain employees to execute an application and documents on behalf of the Santa Barbara Operational Area for the purpose of obtaining financial assistance through the Fiscal Year 2008 Homeland Security Grant Program (HSGP).

**Summary Text:** The Board of Supervisors previously approved a resolution for the HSGP on August 26, 2008. The Governor's Office of Homeland Security is now requiring that more detailed information be included in the Governing Body Resolution language regarding the individual grant projects. The attached, revised resolution includes these changes, with added information related to specific projects that will eventually be funded by the HSGP.

The Federal Department of Homeland Security (DHS) is providing financial assistance directly to the states to enhance the capability of local units of government to prevent, deter, respond to, and recover from incidents of terrorism and other emergencies. The State then provides this funding to the Santa Barbara Operational Area via the Homeland Security Grant Program (HSGP) for Fiscal Year 2008.

This federal grant has assisted the Operational Area in the purchase of a variety of vital equipment for emergency response agencies throughout the Operational Area, including a bomb squad vehicle, bomb robot and personal protective equipment, mobile command response vehicle, interoperable

communication equipment, Reverse-911 hardware and software, hazardous materials detection and decontamination equipment, and medical mass-casualty response equipment. The grant has also funded training activities for fire, hazardous materials, and law enforcements agencies.

**Background:**

The Santa Barbara Operational Area consists of the County and all governmental subdivisions within the County, including the eight incorporated Cities and numerous Special Districts. The Santa Barbara Operational Area qualifies for a grant referred to as the “State Homeland Security Program” (SHSP

1. The **State Homeland Security Program (SHSP)** is a continuing program that would provide funding to the Santa Barbara Operational Area for planning, equipment, training, and management/administrative purposes. The FY2008 SHSGP is a continuation of annual funding that began with the FY1999 State Domestic Preparedness Equipment Program.

FY 2002	\$272,683

FY 1999	\$68,502

2. The **Law Enforcement Terrorism Prevention Program (LETPP)** is a program that began in FY2004 and ended in FY2007. Combined with SHSP in FY2008, this program provides funding to the Santa Barbara Operational Area for various law enforcement activities, including: information sharing, target hardening, threat recognition, and interoperable communications.

Law Enforcement Terrorism Prevention Program	Santa Barbara Operational Area Funding Allocation
FY 2008	N/A
FY 2007	\$295,821
FY 2006	\$356,203
FY 2005	\$253,302

**Performance Measure:**

The County is designated as the Santa Barbara Operational Area for emergency planning and response. The State office of Homeland Security requires Operational Areas throughout the State to act as lead agencies and as coordinators/facilitators of the Homeland Security Grant Program. While the County is not mandated to obtain all available grant funding, it is advisable to take advantage of the funding provided through this grant program. This year, the HSGP is a fully funded grant program with no matching funds required. In addition, 3% of the total funding may be used to cover management and administrative costs associated with facilitation of the grant.

**Fiscal and Facilities Impacts:** This resolution and Board authorization allows the Santa Barbara County Office of Emergency Services to apply for and file reimbursement claims under the Homeland Security Grant Program. A subsequent budget revision will come to the Board should the department receive funding.
