Josephine Phyllis Preciado, M.D.

Profile

I am an experienced and creative bilingual Spanish-speaking physician working in outpatient primary care medicine. My focus in health care is three-fold: providing evidence-based medical care for underserved communities, addressing health literacy utilizing a team-based health delivery model, and mentoring pre-health students to pursue health related careers.

Josephine Phyllis Preciado, M.D.

Faculty Research Fellow 2002 - 2005

Minority Faculty Fellowship Program (MFFP): UCSF Fresno Medical Education Program, Latino Center for Medical Education and Research, Fresno CA 93710

I was a MFFP recipient sponsored by Human Resources Service Administration. 3-year faculty fellowship development:

- ❖ Faculty Development Fellow: UCSF School of Medicine Family and Community Medicine Clerkship, San Francisco CA. One-year fellowship in research development skills, teaching and program development
- ❖ Executive Creator ESTAR Mentor Project/UCSF Fresno/Latino Center for Medical Education and Research (LaCMER), Fresno Unified School District (FUSD)/Sunnyside High School. Created “ESTAR” (Educating Students to Actively Reach) mentor project to encourage pre-medical minority students to pursue careers in health. I received a grant from California Center for Civic Partnerships and Youth.
- ❖ Executive Producer “ESTAR Video Pancho” UCSF Fresno, LaCMER, FUSD/ Sunnyside High School - Making Them Aware Club “Pancho” a film about the life of a 16-year-old Latino male, who is obese, has risk factors for diabetes, and signs and symptoms of Type 2 Diabetes. I received a \$3,000.00 grant from Kaiser Permanente Community Benefits Program.
- ❖ Project Director Community-Based Comprehensive Diabetes Management Program Sequoia Community Health Center, Fresno CA Diabetes Resource Network, Fresno Collaborative/UCSF Fresno/LaCMER. Organized a network comprised of health care leaders from San Joaquin Central Valley whose focus was to target solutions to the increasing prevalence of obesity and Type 2 Diabetes. Designed, developed, and implemented the Community-Based Comprehensive Diabetes Management Program (CB-CDMP) a “team approach” to the care of the patient with diabetes. A team comprised of a physician, optometrist, pharmacist, health educators, registered dietician, psychologist, medical assistant and pre-health students whose aim was to provide health care to low-income and/or uninsured patients with diabetes. This clinic provided opportunities for the patient to obtain baseline retinal images, information on medications, and up-to-date information on current prevention guidelines and recommendations for the prevention of complications of type 2 Diabetes.
- ❖ Research Investigator UCSF Fresno LaCMER, Fresno CA. Organized a research team to develop a strategic plan aimed at addressing the increasing prevalence of obesity and obesity-related complications

Josephine Phyllis Preciado, M.D.

Senior Project: Internal Medicine APMC 2001 - 2003

Alameda County Medical Center Oakland, CA

- ❖ Resident-Initiated Development Comprehensive Diabetes Management Program
Developed and implemented a comprehensive diabetes management program as a second-year resident in internal medicine primary care. Goal was three-fold: provide subspecialty clinic for newly diagnosed patients with diabetes to receive treatment and education, demonstrate a multidisciplinary educational approach to patients with diabetes results in improved control and outcome measures, and serve as a second continuity clinic for Internal Medicine Residents from the Primary Care Program.
- ❖ Created and implemented “The Center for Community Health Awareness” a Partnership between internal medicine primary care physicians and community members from East Oakland Head Start program based at Faith American Lutheran church in East Oakland, in Oakland CA. Received a \$5, 000.00 grant from Alameda County Public Health Department, Tobacco Mini grant program.
- ❖ Co-created and implemented a “Minority Residency Recruitment Project” aim of which was to actively recruit African-American and Latino medical students interested in pursuing residency program at Alameda County Medical Center.

Senior Project: UCI 1998 - 1999

University of California Irvine College of Medicine

4th year medical student elective Domestic Violence Education

Established a 2-week elective for 4th year medical students. Developed a strategic plan to present to the faculty at UC Irvine Obstetrical and Gynecological Department.
