Executive Summary and Discussion:

On Thursday, November 7, 2002, three (3) bids were opened for the Construction of County Wide 2002/2003 Measure 'D' Miscellaneous Concrete Repair, Tree Root Pruning and Shielding in Santa Barbara County, County Project No. 820491. The lowest responsible bid was submitted by Granite Construction Co, in the amount of \$ 1,040,624.00, which was 1.9% above the Engineer's Estimate. Staff has performed an analysis of the bids received and has determined that the low bid is responsive and responsible. Staff recommends awarding this contract to Granite Construction Co., a California Corporation.

The Department of Public Works recommends that the apparent low bidder, Mendez Concrete, Inc., be declared non-responsive for failing to list the legal name of corporation, names of the president, secretary, treasurer and manager thereof, as required in the Proposal and Contract (Example) of the bidder's proposal.

The project is one of the strategies the Department employs in its annual Preventive Maintenance Program. The project consists of the repair of the existing hardscape by the removal and replacement of damaged concrete curbs, gutters and sidewalks, installation of federally mandated curb ramps, tree root pruning and shielding. Approximately 6,558 linear feet of sidewalk and 5,983 linear feet of curb and gutter will be repaired with the construction of this project.

Your Board approved the project as part of the FY 2002/2003 Capital Improvement Plan. The specific project locations were approved by your Board in the FY 2002/2003 Road Maintenance Annual Plan (RdMap) and are attached for your information.

This project was bid in accordance with the Public Contract Code, which requires the award to the lowest responsible bidder.
