

List of letters or written Notice of Violation of Chapter 29, sent from July 1, 2007 through July 1, 2008.

Database Record	Location	Owner Type	Description	Response	Outcome
08-006	995 Rose Lane Santa Barbara	Residential	Case involved disposal of transmission fluid into a cinder block retaining wall resulting in discharge of transmission fluid through the retaining wall and out onto driveway.	After initial investigation Jan 29, 2008, issue was forwarded to Fire Dept. PCW staff returned with Fire Dept on Jan 30, 2008. Clean up required in 2 weeks. "Cease and desist immediately".	First follow-up Feb 13, 2008 not satisfactory; second follow-up Feb 18 clean-up was satisfactory. Owner provided record of haz waste disposal. Additional notice to abate spill from Fire Dept.
08-005	Vons at Turnpike Santa Barbara	Commercial	Unknown white milky substance tracked from Turnpike bioswale from back to Vons. Source was a drain in back of store near trash containers.	Met with store manager initially on Jan 16, 2008, who said there was accidental spill of food waste. Had area mopped and PCW staff verified clean-up same day. Similar problem presented on Jan 31, 2008. Met with manager again with similar response.	Because this represented more than one occasion of spill and discharge from Vons, an NOV letter was issued on 1/31/08 .
No ID#	1110 Woodmere Dr Orcutt,	Residential	Improper disposal of residential green waste with some additional trash (bottles, cans) into detention basin adjacent to Orcutt creek channel.	April 15, 2008 investigation resulted in follow-up letter dated April 17, 2008.	Owner contacted Flood Control for access to detention basin and clean-up.
No ID#	1441 Foxenwood Dr	Residential	Disposal of residential greenwaste into detention basin behind house	April 15, 2008 investigation resulted in follow-up letter dated April 17, 2008. (discovered at	Owner contacted Flood Control for access to detention basin and clean-

	Orcutt,		adjacent to Orcutt creek channel.	same time as complaint above).	up.
No ID#	U-Haul – Hollister Santa Barbara	Commercial	Pools of oil drips, residual oil, trash, and residue from mop buckets found on property.	During routine business inspection in Nov07, owner was verbally notified to cleanup areas of residual oil and trash left on property. Return visit in January 2007 indicated incomplete clean-up and continued poor practices.	NOV letter 1/31/08 resulted in improved practices and clean-up of site.
08-004	CVS Drugstore at Turnpike, Santa Barbara	Commercial	Dumped 20 bottles of expired Gatorade on January 15, 2008.	CVS manager cleaned up material left on pavement, however most had already entered storm drain.	Verified cleanup same day.
08-015	Colorama Nursery, Carpinteria	Commercial	Discharge of small quantity of process water and sediment onto pavement in front of business.	Spoke with the owner and toured the facility to see how their process water system works. Asked them to shut off pipe that was discharging. (4/9/08)	Verified process water system was repaired.
No ID#	702 E. Clark Ave. Orcutt,	Residential	Disposal of animal waste and residential greenwaste into Orcutt creek channel.	Met with property and provided follow-up letter.	Verified clean up.
No ID#	542 E. Clark, Orcutt	Residential	Disposal of animal waste and residential greenwaste into Orcutt creek channel.	Met with property and provided follow-up letter.	Verified clean up.

Database Record	Location	Owner Type	Description	Response	Outcome
09-040	Greka Palmer Road	Commercial	Sediment discharge (mostly from vehicle tracking) onto Palmer Road, a County roadway.	Spoke with staff representing lease holder Conoco Phillips and Greka. Greka is responsible for egress and sediment control on site. Sent email (preferred by Greka) on 2/13/09	Verified clean-up as requested; protective waddles installed.
