COVID-19 ELC Enhancing Detection Funding
Award Number COVID-19ELC42
County of Santa Barbara

Authority:

Section 311(c)(1) of the Public Health Service Act (42 USC 243(c)(1))

Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (P.L. 116-123)

Coronavirus Aid, Relief, and Economic Security Act, 2020 (CARES Act) (P.L. 116-136)

Paycheck Protection Program and Health Care Enhancement Act, 2020 (P.L. 116-139)

Dear Dr. Henning Ansorg:

This letter covers the reimbursement for the Paycheck Protection Program and Health Care Enhancement Act Response Activities for Cross-Cutting Emerging Issues. Funding for these activities is covered for the period May 18, 2020 to November 17, 2022. The California Department of Public Health (CDPH) is allocating **\$6,112,535 to County of Santa Barbara**. These funds are intended to provide critical resources to local health departments (LHD) in support of a broad range of COVID-19/SARS-CoV-2 testing and epidemiologic surveillance related activities, including the establishment of modernized public health surveillance systems. The work supported by ELC Enhancing Detection expands upon previous COVID-19 awards (ELC CARES and ELC Community-based Surveillance). These funds will support the public health response to COVID-19 and lay the foundation for the future of public health surveillance.

This allocation spans six different strategies that collectively build upon current investments and better prepare California to address COVID-19 response needs over the next 24 months and allow the state to prioritize and target resources to those most vulnerable to the impacts of the disease. Below is a table which outlines each strategy and corresponding allocation for your Agency:

| Strategy | Allocation |
|--|------------------|
| 1. Enhance Laboratory, Surveillance and Other Workforce Capacity for local health department staffing needs to implement actions across all strategies identified by this source of funding. | \$626,733 |

| | |
|--|--------------------|
| 2. Strengthen Laboratory Testing to include building high throughput capacity in California's public health laboratories as well as expanding partnerships to increase the reach of testing services. | \$1,900,000 |
| 3. Advance Electronic Data Exchange at Public Health Laboratories by improving and/or replacing the existing disease reporting system, CalREDIE. | \$300,000 |
| 4. Improve Public Health Surveillance and Reporting of Electronic Health Data by enhanced disease monitoring activities to identify disparities and track progress in reducing disparities over time. | \$342,618 |
| 5. Use Laboratory Data to Enhance Investigation, Response and Prevention by supporting the State of California's comprehensive contact tracing program, California Connected, which was developed in April 2020 and includes an academic training institute, statewide data management and communications platform to support COVID-19 contact tracing work by local health departments. | \$2,439,009 |
| 6. Coordinate and Engage with Partners. Under the state's Roadmap to Resilience, counties who wish to open sectors of the community at their own speed were required to submit a Variance Attestation which included engagement with skilled nursing facilities to reduce disease transmission in these facilities. | \$504,175 |
| Total Allocation | \$6,112,535 |

Funding:

The funding term is May 18, 2020 to November 17, 2022. CDPH plans to evaluate spending at the local level after a ten month period from the date of this letter. CDPH, in consultation with the California Conference of Local Health Officers and California Health Executives Association of California, will consider options for possible redirection of funds at that time.

Submission Requirements:

1. Complete a Workplan by **August 31, 2020** and submit to the California Department of Public Health at CDPHELC@cdph.ca.gov. See Attachment 1.
2. Complete a Spend Plan by **August 31, 2020** and submit to the California Department of Public Health at CDPHELC@cdph.ca.gov. See Attachment 2. Your Agency should consider the following when developing your Spend Plan:

- Staffing: You are encouraged to hire an Epidemiologist for Strategy 4; and a minimum 1 FTE Infection Preventionist for Strategy 6.
- Your Agency must work in coordination with tribal governments, community-based organizations, and faith-based organizations within Strategy 2 and 5, particularly those with experience with high-risk populations based upon county COVID-19 testing data. There is no explicit cap or percentage that must go to these partners; however, you must reach out to them and enlist their help where it makes sense (i.e. outreach, testing strategy, education, or housing, etc.). Such engagement must include a community meeting and the plan should include a list of community engagement participants.
- Your agency is encouraged to recruit and give hiring preference to unemployed workers, underemployed workers, and applicants from local communities disproportionately affected by COVID-19, who are qualified to perform the work. In addition, you are encouraged to work with applicants from your community when executing contracts and other services.

Reporting Requirements:

As a subrecipient of the COVID-19 ELC Enhancing Detection funding, the CDC requires submission of the following reporting documents to CDPH. Additionally, CDPH will require additional data metric reporting related to Strategy 5 (contact tracing and isolation and quarantine activities). For your convenience, your Contract Manager will issue reminders as these dates get closer.

1. Submit quarterly progress reports on status of timelines, goals, and objectives in the approved work plan. Such report must include a list of tribal governments, community-based organizations, and faith-based organizations that the county has included in its efforts. See *Attachment 1*.
2. Submit quarterly expenditure reports following the dates listed in the table below. See *Attachment 2*.

| Quarter | Reporting Period | Due Date |
|-----------|-------------------------------------|-------------------|
| Year 1/Q1 | May 18, 2020 – July 31, 2020 | August 31, 2020 |
| Year 1/Q2 | August 1, 2020 – October 31, 2020 | November 30, 2020 |
| Year 1/Q3 | November 1, 2020 – January 31, 2021 | March 1, 2021 |
| Year 1/Q4 | February 1, 2021 – April 30, 2021 | May 31, 2021 |
| Year 2/Q1 | May 1, 2021 – July 31, 2021 | August 30, 2021 |
| Year 2/Q2 | August 1, 2021 – October 31, 2021 | November 30, 2021 |
| Year 2/Q3 | November 1, 2021 – January 31, 2022 | February 28, 2022 |
| Year 2/Q4 | February 1, 2022 – April 30, 2022 | May 31, 2022 |
| Year 3/Q1 | May 1, 2022 – July 31, 2022 | August 31, 2022 |
| Final | August 1, 2022 – November 17, 2022 | December 15, 2022 |

3. Your Agency may be requested to report on performance measures as needed.

4. For Agencies not using the CalCONNECT Contact Tracing data management system comprehensively for all of their COVID-19 cases, there may be additional reporting required on a monthly basis related to Strategy 5 activities. CDPH will provide a template to use to facilitate the reporting of these additional data metrics.

Reimbursement/Invoicing:

CDPH will reimburse your Agency upon receipt of invoice. In order to receive your reimbursements, please complete and submit your invoices to: CDPHELC@cdph.ca.gov. See Attachment 3.

1. First Quarter Payment: CDPH will issue warrants (checks) to your Agency for 25% of each Strategy which equates to 25% of your total allocation, this will be issued as an advance payment.
2. Future Payments: Future payments will be based on reimbursement of expenditures. In order to receive future payments, your Agency must complete and submit reporting documentation within Attachments 1 and 2 following the due dates in the table on the previous page.
3. Your Agency must maintain supporting documentation for any expenditures invoiced to CDPH against this source of funding. Documentation should be readily available in the event of an audit or upon request from your Contract Manager. Documentation should be maintained onsite for five years.

Thank you for the time your Agency has and will continue to invest in this response. We are hopeful that this additional funding can support the needs of your local health department and that it provides adequate resources for your participation in ELC Enhancing Detection. If you have any questions or need further clarification regarding this funding, please reach out to CDPHELC@cdph.ca.gov.

Sincerely,

Melissa Relles
Assistant Deputy Director
Emergency Preparedness Office
California Department of Public Health
