Please use the date of the initial email as Cindy's resignation date. She stated that she will send a more formal letter of resignation at a later date but I would like to get the vacancy notice posted as we have an applicant who is interested in joining the Board.

You have had a very insightful influence on the deliberations of the Board, and you will be missed 😞

I will reach out to Joan's office and let them know you are not seeking reappointment.

It looks like I will be traveling a lot this coming year. I so regrettably shouldn't renew my term. Is there something formal I need to do? I really enjoy the role and all of you! I'm disappointed I can't continue. Kind regards, Cindy
