Re: Response to Request for Hearing by the Board of Supervisors on the Report, Recommendation and Findings of the Planning Commission on August 30, 2017 regarding the Tajiguas Resource Recovery Project

Dear Mr. Chytilo,

This is in response to your email to the Clerk of the Board of Santa Barbara County dated September 1, 2017 requesting a hearing on behalf of the Gaviota Coast Conservancy by the Board of Supervisors on the Planning Commission's report, recommendations and findings regarding the Tajiguas Resource Recovery Project.

As your e-mail correctly noted, County staff already planned to present this proposed General Plan amendment to the Board of Supervisors pursuant to Government Code Section 65355, along with other actions involving the proposed Revised Tajiguas Resource Recovery Project.

On October 17, 2017, the Board is scheduled to consider setting a hearing for November 7, 2017 on these matters. An opportunity to provide "Public Comment" will be provided on both October 17th and at the hearing expected to occur on November 7th. You and your client are welcome to participate in the hearing through "Public Comment." The Chair of the Board normally provides public speakers on agenda items three minutes to present, but that amount may be changed at the discretion of the Chair for agenda management purposes.

Regards,

Dianne M. Black, Planning Commission Secretary
