Supervisors ,

I lived in Isla Vista for many years , during that time I often witnessed widespread underage drinking , it appears that this is the cause of most of the falls from the bluffs .

Raising the fence height along the bluffs band-aid approach to the real problem Underage Drinking .

Therefore I suggest providing restrooms on the roadside of the Bluff Parklands , enhancing Underage Drinking enforcement on weekends , may be all that is needed .

If the Board of Supervisors decides to increase the fence height there should be an EIR done for such a project .

Installing fence posts will cause unnecessary harm to the stability of the bluff tops .

Thanks for Your Consideration ,
Scott Graham
