RE: June 10, 2025 Agenda #A-29

Dear Chair Capps and Honorable Board of Supervisors:

Santa Barbara County Action Network (SBCAN) is an organization that strives to protect our environment and promote sustainability throughout the County. SBCAN appreciates the efforts made by the County Board of Supervisors to oppose new offshore oil leases off the California coast.

As the U.S. Department of the Interior prepares its 2025–2030 Outer Continental Shelf (OCS) Leasing Program, SBCAN encourages local efforts by our elected officials to send a powerful message to the local, state, and national levels to affirm our stance in denying new projects aimed at drilling oil off the coast of Santa Barbara County. Our community's identity and economy depends on a protected and clean coast.

We thank you for your dedication to our community and our environment.

Sincerely,

Jeanne Sparks, Co-Executive Director Ken Hough, Co-Executive Director
