SUBJECT: Request to Waive the Formal Bidding Process to Purchase an Asphalt Distributor
Third and Fourth Supervisorial Districts

Recommendation(s):

That the Board of Supervisors:

Waive the formal bidding process and authorize the County Purchasing Agent to procure an additional Asphalt Distributor for the amount of \$70,000 from Bear Cat Manufacturing (Non-Local Vendor).

Alignment with Board Strategic Plan:

The recommendation is aligned with Goal 1:

An Efficient Government Able to Anticipate and Respond Effectively to the Needs of the Community.

Executive Summary and Discussion:

Pursuant to County Code section 2-39, we are requesting your Board to waive the competitive bidding requirement in the purchase of one Asphalt Distributor from Bear Cat Mfg. with a total order value of \$70,000.

Based on our research and knowledge of this type of equipment, we have determined that the Asphalt Distributor from Bear Cat Mfg. to be the safest unit available. Not only is the Bear Cat unit the industry standard, both contractor and municipality, this is the only known unit to use a "fail-safe" valve selector system. This proprietary feature keeps operators safely away from hot material and does not allow certain valve combinations to be activated causing damage to the spreader or an accidental release or spill of hot material. This feature is relevant in that the unit is subject to being operated by multiple operators over periods of intense use.

Mandates and Service Levels:

None.
