Recommended Actions:

That the Board of Supervisors:

- A) Accept for filing the Fiscal Year 2011-2012 First Quarter (July - September, 2011) report on the Treasurer's Investment Pool, pursuant to Government Code section 53646(b).

Summary Text:

The value of the Treasurer's Investment Pool at principal cost on September 30, 2011, was \$933,179,190. Market value of the investment pool was \$935,675,393. The weighted average days-to-maturity (WAM) for the investment pool was 664 days.

The Treasurer's Investment Pool earned \$1,741,474 for the quarter ending September 30, 2011, an annualized return of 0.716%. Per Government Code Section 53600.5, the Santa Barbara County Treasurer has a mandated responsibility to manage and invest public funds with the primary objective of safeguarding principal, the secondary objective of meeting the liquidity needs of pool participants, and thirdly, the objective of attaining a market average rate of return, consistent with the primary objectives of safety and liquidity.

For the quarter ending September 30, 2011 the Treasurer's Investment Pool anticipated and met all liquidity requirements, precluding any need to sell holdings unexpectedly at a potential loss in order to meet cash flow demands.

All investments purchased, met or exceeded state and local policy requirements for credit quality. Credit quality of assets held in the Treasurer's Investment Pool is monitored on an ongoing basis.

The Santa Barbara County Treasurer conforms to all applicable State statutes and County resolutions that govern the investment of public funds.

Background:

Economic growth continued at a slow pace of 1.3%. Labor market conditions showed no improvement and the unemployment rate remained at 9.1 throughout the quarter. Household spending showed modest growth, however consumer confidence dropped significantly to 45.4%. The housing sector continues to be depressed by weak demand, low construction levels, tight credit levels and a substantial inventory of foreclosed properties. The Consumer Price Index for all items increased 3.9% over the last 12 months.

The Federal Open Market Committee (FOMC) issued this statement at its September meeting "The Committee also decided to keep the target range for the federal funds rate at 0 to ¼ percent and currently anticipates that economic conditions – including low rates of resource utilization and a subdued outlook for inflation over the medium run – are likely to warrant exceptionally low levels for the federal funds rate at least through mid-2013." The target range of 0 to ¼ percent was set by the FOMC in December 2008, where it has remained since. The next meeting of the FOMC will be held on November 1-2, 2011. The committee's focus is to seek monetary and financial conditions that will foster price stability and promote sustainable growth in output.

This quarterly report is being submitted to you as required by California Government Code section 53646 (b). In addition, California Government Code section 53646 (b) (3) requires the Treasurer-Tax Collector to include a statement in the Treasurer's Report affirming the ability of the Santa Barbara County Investment Pool to meet expenditure requirements for the next six months.

This report was reviewed and discussed by the Treasury Oversight Committee at its quarterly meeting. The Treasury Oversight committee promotes the public interest and is governed by California Government Code sections 27130 through 27133.

Performance Measure:

To ensure the financial stability of the County, monitor and project liquidity requirements as evidenced by zero securities sold at a loss to meet cash flow needs of pool participants: Accomplished

To ensure the financial stability of the County and secure public agency funds, stay within compliance 100% of the time with the Government Code and the Treasurer's Investment Policy: Accomplished.

Fiscal and Facilities Impacts:

Budgeted: Yes

Fiscal Analysis:

For the quarter ending September 30, 2011, net investment earnings achieved by the Treasurer's Investment Pool were \$1,741,474, with the County receiving 40%, Schools 49%, and Special Districts the balance of 11%. The net yield earned for the quarter on an annualized basis is 0.716 % and over the past year is 0.814%.
