PUBLIC WORKS DEPARTMENT  
123 East Anapamu Street  
Santa Barbara, California 93101  
805/568-3232 FAX 805/568-3222

September 29, 2009

TO: Florence Trotter-Cadena, Planner  
Development Review

FROM: William Robertson, Transportation Planner  
Public Works, Transportation Division

SUBJECT: **Conditions of Approval (3 pages)**  
**Chisan Nursery Development Plan**  
**07DVP-00000-00035**  
**APN: 133-130-009**  
**Los Alamos**

Traffic Mitigation Fees

1. Pursuant to Ordinance No. 4270 regarding Transportation Impact Fees, the applicant will be required to pay a fee for each new peak hour trip (PHT), for the purpose of funding transportation facilities within the Rural Planning Areas of the County.

Based on the current fee schedule, the total estimated fee for the proposed project is **\$44,978** (86 newly generated PHT's x \$523/PHT). **Fees are due prior to land use clearance and shall be based on the fee schedule in effect when paid.** This office will not accept payment or process a check received prior to project approval.

Fees are payable to the County of Santa Barbara, and may be paid in person or mailed to: Santa Barbara County Transportation Division, 123 E. Anapamu St., 2<sup>nd</sup> Floor, Santa Barbara, CA 93101 or Santa Barbara County Transportation Division North, 620 West Foster Road, Santa Maria, CA 93455. Please phone this office prior to payment if unsure as to the final fee required.

Sight Distance

2. Prior to land use clearance, the developer shall design, and prior to occupancy, the developer shall provide intersection sight distance in a manner acceptable to the Department of Public Works Traffic Section.

When the criteria for sight distances cannot be met, the County may prohibit vehicle turning movements, require speed change lanes or require additional speed change lane lengths.

Driveways/Drive Aisles

3. Prior to land use clearance, the developer shall design, and prior to occupancy the developer shall construct, all site ingress and egress points in a manner acceptable to the Department of Public Works Traffic Section. All driveway accesses shall be improved to include all necessary pavement or cross gutters to match adjacent improvements as required by the Department of Public Works Traffic and Permit Sections.

Street Sections/Pavement Traffic Index

4. Prior to land use clearance and/or Tract Map approval, the developer shall design, and prior to occupancy, the developer shall construct pavement for all roadwork based on the appropriate road detail provided in the Santa Barbara County Engineering Design Standards. All designs and/or modifications shall be reviewed and approved by the Department of Public Works Traffic Section.

Encroachment/Excavation Permit

5. An Excavation or Encroachment Permit shall be required for any work performed in the County right of way, including road construction, driveways, utilities, and connections.

The developer shall comply will all applicable Public Works Standard Conditions of Approval and Engineering Design Standards, as determined by the Public Works Traffic or Permit Sections, prior to issuance of an Encroachment Permit.

Encroachment Permits and/or Santa Barbara Engineering Design Standards and Pubic Works Standard Conditions of Approval can be obtained at the following locations:

North County Permits Section  
620 West Foster Road  
Santa Maria, CA 93455  
805-739-8788

South County Permits Section  
4417 Cathedral Oaks Road  
Santa Barbara, CA 93110  
805-681-4967

Traffic Controls

6. Prior to land use clearance, traffic circulation and control on adjacent streets shall be designed as required by the Department of Public Works Traffic Section. This shall include, but is not limited to, curb openings, turn lanes and control signs for regulation, warning, and guidance of traffic.
7. Prior to land use clearance, traffic circulation and control onsite shall meet the approval of the Department of Public Works Traffic Section.
8. Prior to occupancy, all signs shall be installed, and prior to final clearance, the County may require the developer to add traffic safety devices, such as signing and striping, the need for which are not apparent at time of plan approval but which are warranted due to actual field conditions. The developer shall install the traffic safety devices prior to final clearance.

Off-Site Road Improvements

9. Where off-site road improvements or a dedication of right of way for off-site improvements is required for which a need cannot be attributed to the project, the County shall deduct the value of construction or dedication from the payment that would otherwise be collected for Traffic Mitigation Fee's.

Improvements and dedication that are necessary to mitigate the specific impacts of a project on area roads are considered on-site and are not to be deducted from the Traffic Mitigation Fee's. If the value of the off-site road improvements or dedication exceeds the payment required, the County may:

1. Reimburse the applicant the difference between the amount of the payment and the value of the additional improvements and dedication, or
2. Enter into an agreement with the applicant to establish a credit for the additional improvements and dedications.

If you have any questions, please contact me at 739-8785.

Sincerely,

William T. Robertson
