

**AMENDMENT NO. 1 TO THE AGREEMENT
WITH GEOSYNTEC CONSULTANTS, INC. (BC19050)**

This AMENDMENT is entered into between the County of Santa Barbara Public Works Department (hereafter COUNTY) and Geosyntec Consultants, Inc. having its principal place of business at 924 Anacapa Street, Suite 4A, Santa Barbara, CA 93101 (hereafter CONTRACTOR).

WHEREAS, the parties hereto, on July 3, 2018, entered into an agreement (BC19050) for regulatory compliance consulting services as requested by the County of Santa Barbara Public Works Department; and

WHEREAS, the original agreement amount for the project was in the amount of \$75,300.00; and

WHEREAS, additional work is necessary to maintain ongoing regulatory compliance pertaining to surface water at solid waste management facilities;

NOW THEREFORE, COUNTY and CONTRACTOR agree to amend the contract as follows:

1. Exhibit A, First Paragraph, is hereby amended to read:

Contractor shall provide professional services as set forth in the Contractor's proposal dated May 30, 2018 included as Attachment A-1 and as set forth in the Contractor's proposal dated February 13, 2019 included as Attachment A-2, as herein attached and incorporated by reference.

2. Attachment A-2 is added in its entirety as attached hereto and incorporated herein by reference.

3. Exhibit B, Paragraph A, is hereby amended to read:

For CONTRACTOR services to be rendered under this Agreement, CONTRACTOR shall be paid a total contract amount, including cost reimbursements, up to but not to exceed \$102,800.

4. **Ratifications.** The terms and provisions set forth in this Amendment No. 1 shall modify and supersede all inconsistent terms and provisions set forth in the Agreement. The terms and provisions of the Agreement, except as expressly modified and superseded by this Amendment No. 1, are ratified and confirmed and shall continue in full force and effect, and shall continue to be legal, valid, binding and enforceable obligations of the parties.

IN WITNESS WHEREOF, the parties have executed this Agreement to be effective on the date executed by COUNTY.

ATTACHMENT A-2
CONTRACTOR'S PROPOSAL DATED FEBRUARY 13, 2019

February 13, 2019

Ms. Jeanette Gonzales-Knight
Resource Recovery and Waste Management Division
Santa Barbara County
130 E. Victoria Street, Suite 100
Santa Barbara, CA 93101

Reference: Tajiguas Landfill Industrial Stormwater Compliance Support

Dear Ms. Gonzales-Knight:

Geosyntec Consultants Inc. (Geosyntec) will provide stormwater-related technical consulting support to RRWMD related to compliance with the Industrial General Permit (IGP) at the Tajiguas Landfill (Tajiguas) as outlined below.

Task 1. Project Management

This task includes overall project management for the duration of the contract (assumed 5 months) such as preparing invoices, e-mail and phone communication with RRWMD, and budget/status updates. This task does not include in-person meetings, which would come out of Task 3 below.

Task 1 Budget: \$3,000

Task 2. Industrial General Permit (IGP) Reporting and Technical Support

This task includes the following reporting requirements required by the IGP:

- **Tajiguas Annual Comprehensive Facility Compliance Evaluation:** Geosyntec will perform the annual comprehensive facility compliance evaluation for Tajiguas and prepare the Annual Report required by the IGP. This task will be completed at an agreed upon date in May or June 2019.
- **Tajiguas Monthly Visual Observations:** Geosyntec will perform the monthly dry weather visual observations at Tajiguas required by the IGP. This task includes travel to the facility, performing the observations, and finalizing field forms/communicating repairs and actions needed to site staff. An initial site visit and update of observation forms are also included. Geosyntec will provide the observations once per month for a total of five (5) observations under this contract.
- **SMARTS Submissions:** Geosyntec will compile stormwater monitoring results and upload monitoring results and the annual reports to SMARTS as required by the IGP.

Task 2 Budget: \$15,000.

Assumptions:

- Existing budget assumes no in person meetings and site visits are limited to the monthly observations and annual evaluation for Tajiguas. Additional site visits or in person meetings could be provided for an additional cost or can be accommodated as budget allows.

Task 3. As-needed IGP Support

Geosyntec will provide as-needed consulting support to RRWMD and/or County staff regarding miscellaneous IGP and/or other Clean Water Act compliance issues. To help the County comply with and track nuanced interpretation and emerging issues of the IGP, questions may arise regarding sampling plans, interpretation and evaluation of sampling results, Exceedance Response Action and BMP recommendations (e.g., to address existing or new NAL exceedances), pollutant source assessments, and/or reporting requirements. Geosyntec will be available for telephone and/or in-person meetings, development of recommendation memos, or review of draft County reports, as-requested and as budget allows. In addition, this task may be used to evaluate sampling and BMP implementation that are ongoing as outlined in the previously submitted Level 2 Action Plan for Tajiguas. Depending on budget availability, non-industrial and background demonstration planning, structural BMP feasibility assessments, and assessments of receiving water limit compliance may also be included as requested. If a revised Level 2 Action Plan or new Action Plan or Level 1 Report is required, then additional budget may be needed to complete these deliverables.

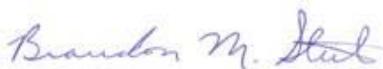

Task 3 Budget: \$9,500.

Terms and Conditions

We assume that the proposed services will be conducted under the terms and conditions of the existing 2013 Master Service Agreement contract between Geosyntec and the County. The total estimated costs for the Tajiguas Industrial Stormwater Compliance Scope of work described above are: \$27,500.

This proposal is valid for 90 days. Geosyntec continues to appreciate the opportunity to work closely with the RRWMD on these technical projects. Please contact us if you have questions.

Sincerely,
Geosyntec Consultants, Inc.

Brandon Steets, P.E. (CA)
Senior Principal

Adam Questad, P.E. (CA)
Project Engineer
