RECOMMENDED ACTIONS

That the Board of Supervisors:

- Amend the 2025 County Legislative Platform to advocate for improved immigration reform, to include requirements for law enforcement officer identification and civil rights protections; and
- Find the proposed action exempt from CEQA.

Current Immigration Reform Language in 2025 Legislative Platform:

Advocate for Congress and the President to enact comprehensive immigration reform that improves and simplifies the current legal immigration system and includes a national strategy for coordination among federal, state, local and tribal authorities.

Language proposed to be added:

- Support policies requiring law enforcement officers, including immigration agents, to clearly identify themselves and their agency affiliation during public operations including prohibition of the use of face coverings or disguises by agents, except for specialized gear, personal safety equipment, or where there is a clear and specific threat to officer safety.
- Uphold constitutional civil rights protections, including due process, equal protection, and freedom from unlawful searches and seizures.
- Urge Congress and the Administration to reinstate and codify policies that prohibit immigration enforcement in sensitive locations such as schools, hospitals, and places of worship.
