Department No.: 054-04-05
Agenda Date: 03/05/02
Placement: Admin
Estimate Time: N/A
Continued Item: NO
If Yes, date from:
Document File Name: Brdmar5.Franciscan.award

TO: Board of Directors
Santa Barbara County Flood Control and Water Conservation District

FROM: Phillip M. Demery
Public Works Director

STAFF CONTACT: Thomas Fayram, Deputy Public Works Director, Ext. 3436
Jon Frye, Engineering Manager, Ext. 3444

SUBJECT: Franciscan Sediment Basin Project (SC8314), First Supervisorial District

Recommendation(s):

That the Board of Directors:

- A. Award the construction contract in the amount of \$685,153.25 to the lowest responsible bidder Elevation General Engineering Contractors, a local vender located 2336 Skyway #4, Santa Maria, subject to the provision of documents and certifications, as set forth in the plans and specification applicable to the project and as required by law;
- B. Authorize the Chair to execute the construction contract upon return of the contractor's executed contract documents, and the review and approval of the County Counsel, Auditor-Controller, and Risk Manager or their authorized representatives; and
- C. Approve a contingency fund in the amount of \$46,757.66 for the above subject project.

Alignment with Board Strategic Plan:

The recommendations are primarily aligned with Goal No. 2. A Safe and Healthy Community in Which to Live, Work, and Visit.

Executive Summary and Discussion:

The purpose of the project is to construct a sediment basin and channel improvements off of Via Real between Cravens Lane and Santa Monica Road upstream of the existing Franciscan Culvert in the Carpinteria area.

In the past few years, Highway 101 and Via Real have been closed several times during storm events. The sediment basin and channel improvements will reduce the amount of sedimentation within the existing Franciscan Culvert, Kim's Basin and the Carpinteria Salt Marsh as well as improving drainage to the surrounding area, particularly on Via Real and Highway 101.

Mandates and Service Levels:

Direction by the Board will not change programs or service levels.

Fiscal and Facilities Impacts:

This project is budgeted in this fiscal year's budget (Dept: 054, Fund: 2610, Acct: 8200, Program: 3005). This project is also identified in the County's Capital Improvement Plan.

Special Instructions:

Direct the Clerk of the Board to send a copy of the minute order of this action to the Flood Control District office, Attn: Christina Lopez.
