**Recommended Actions:**

That the Board of Supervisors authorize the Director of Alcohol, Drug and Mental Health Services to execute the multi-year agreement and subsequent amendments with the State Department of Rehabilitation for the period of July 1, 2012 through June 30, 2015.

**Summary Text:**

Approval of the recommended action will allow Alcohol, Drug and Mental Health Services (ADMHS) to continue to partner with the State Department of Rehabilitation (DOR) in a cooperative agreement which allows DOR to leverage ADMHS staff time to secure federal funding and provide employment services to adults with severe and persistent mental illness. ADMHS' participation in this cooperative began in 1998 and has been ongoing to date and approval of the recommended action will allow this partnership to continue.

**Background:**

ADMHS provides specialty mental health services to Medi-Cal beneficiaries in Santa Barbara County. Some clients are also eligible to receive vocational rehabilitation services from the State Department of Rehabilitation. This cooperative agreement allows DOR to secure federal funding by leveraging ADMHS staff time spent providing mental health services to individuals served by both agencies. The clients receive services from ADMHS regardless of the Department's participation in this Agreement. An important aspect of client recovery is gaining and maintaining employment and the employment

supports and services offered to ADMHS clients through this program are integral to their recovery process.

ADMHS Rehabilitation Specialists work closely with DOR Rehabilitation Counselors who provide employment services and supports to eligible ADMHS clients. Services include vocational assessment, education, job placement, supported employment, job coaching, and benefits counseling. DOR also provides funding for local Community Based Organizations who assist clients with resume writing and enhancing job interview skills, reducing barriers to work, and links clients with other community resources. Typically, there are over 200 ADMHS clients receiving services through this cooperative agreement at any one time.

**Performance Measure:**
