Dear Supervisors,

I am a bike rider living on the westside, working at UCSB and using Modoc to connect me to the UCSB bike path and upper State Street. I fully support the Modoc Multi-Use Path and urge you to finish this as soon as possible to connect the unfinished Las Positas-Modoc, Obern and Maria Ygnacio multi-use path systems. We cyclists need a continuous connection between UCSB, homes, jobs, schools and open spaces.

I believe it is not too much to ask for a safe, separated bike and pedestrian path in a climate that is warm all year round. I call on you to please move this project forward right away in a town where more people could and should be biking safely.

Sincerely,

Ingrid Bowman
