## Interests & Experiences

**Please explain why you are interested in serving, and what experience you bring to the Committee. Attach additional documentation as necessary.**

I live (District 1), work (District 2), and play in Santa Barbara county, and I am interested in volunteer my time and skills to maintain our quality of life. I am the president and founder of a software company that has an office in Goleta. My son is a first grader at Cold Springs Elementary. My 1 year old twin daughters will eventually go to Cold Springs, as well. My wife, Jenna Tosh, is the CEO of Planned Parenthood California Central Coast. I am committed to this community and look forward to an opportunity to give back.

**Give any information explaining qualifications, experience, training, education, volunteer activities, community organization memberships, or personal interests that bear on your application for the above Board, Commission or Committee. Attach additional documentation as necessary.**

As the CEO of a software company, I have executive level experience in building consensus and working through issues. I hold a Master's degree in Business Administration and a Bachelor's degree in Computer Science. I believe my experience and commitment to this community will provide benefit to the board. I am eager to participate on the Country Human Services Commission to help administer grants that make meaningful impacts on the lives of those in the greatest need. My software company receives grants from the US Department of Defense for software development research, which gives me familiarity with the process of establishing, evaluating, and monitoring grant activities. I am interested in learning the current process for monitoring program outcomes and provide any insight I am able to offer that further monitors metrics that reflect the ultimate goal of improving lives in our community.
