Subject: LUDC Hearing

Salud,

Hope you had a great European holiday! I am writing to express my disappointment concerning the LUDC. Particularly Modification 21 the beach stairways and ramps. I understand no new private ramps or stairways for emergency access. Existing ones will be gone soon, as people will only be allowed to maintain 50% of the structure and only for the existing life of the structure. It all boils down to the loss of emergency access for our firefighters, sherriff's office, and paramedics. This is so troubling!

Lack of any process for the public is equally troubling. I really think the Gav Pac and local planning areas should have their day in the sun. Giving up our local control to the Coastal Commission is just wrong. That is why we voted for you, to make those tough decisions!!! I hope you can respect this position and reject the Coast Commission Staff take over.

Respectfully,

Scott Coffman
Battalion Chief (retired)
