Summary Text:

This item is on the Agenda to execute an Amendment to the CenCal Health 340B Savings Share Agreement to extend the term for one year through July 1, 2020 (Attachment A). The Public Health Department uses the savings generated from the 340B program in accordance with program requirements that the savings be used to support health center services offered to the low income insured and uninsured population.

Background:

Since 2012, the Public Health Department (PHD) has participated with CenCal Health in a 340B Savings Share Agreement, allowing for the extension of 340B Drug Pricing Program discounts to retail and specialty pharmacies that provide pharmaceuticals for PHD patients. The Public Health Department uses the savings generated from the 340B program in accordance with program requirements that the savings are used to support health center services offered to the low income underinsured or uninsured population. The 340B program was created by Congress in 1992 to help vulnerable or uninsured patients gain access to needed prescription medicines, by requiring pharmaceutical manufacturers to provide discounts to health centers - such as those operated by the PHD - as a condition of their drugs being covered by the Medicaid program (Medi-Cal in California). Execution of this First Amendment ensures that the savings experienced by the PHD participation in the 340B program will continue to benefit PHD Health Center patients, particularly those who are CenCal Health members.

Fiscal and Facilities Impacts:

Budgeted: Yes

Fiscal Analysis:

There are no fiscal or facilities impacts associated with this action as it is purely administrative in nature.
