

Memorandum

Date: February 26, 2018

To: Clerk of the Board of Supervisors, County of Santa Barbara

From: Scott D. McGolpin, Public Works Director

Subject: Withdraw Item Request, A-25,
File No. 18-00125: Construction of 2017/18 North County Pavement Rehabilitation Project No. 820678N in the Third, Fourth, and Fifth Supervisorial Districts.

CC: Chris Sneddon, Deputy Director, Public Works - Transportation
Matt Pontes, Deputy Chief Executive Officer

Public Works requests the Board of Supervisors withdraw the above referenced item from the February 27, 2018 Agenda. Expenses incurred during emergency response and recovery from the January 9, 2018 debris flow has significantly affected the Road Fund.

Between the recent debris flow event and the 2017 storm events (from which the Department still has not received most FEMA reimbursement) over \$10M in costs will be incurred. This does not include another estimated \$11M in permanent restoration repairs for the debris flow as well. As a result, the Department requests your Board postpone this item until a full discussion of financial options can be had with the CEO and your Board.

If you have any questions, please contact me at 805-568-3010.

Thank you
