If you are now, or have ever been employed by the County of Santa Barbara, please list the department in which you worked, your title, and the dates you were employed.

Workforce Investment Board (now the Workforce Development Board) of Santa Barbara County (under the Santa Barbara County Department of Social Services). Eligibility Worker I - 06/2009 - 03/2011.

Interests & Experiences

Please explain why you are interested in serving, and what experience you bring to the Committee. Attach additional documentation as necessary.

I am interested in joining the First 5, Children and Families Commission due to my interest in education and youth development. I have worked with youth from 12-24 for 10 years helping them develop the skills and education necessary to be successful in meeting their own goals while being productive members of society. I have worked 2 years at the county of Santa Barbara working with youth with barriers to employment, 5 years in college access working with low-income and/or 1st generation youth in 7-12th grade and the last 3 1/2 years in higher education with a diverse group of students looking to meet their individual educational goals. What I have learned is how important 0-5 is in the development of youth in being successful students and adults. I have seen how youth services are a continuum and require a structured partnership between various service providers not just to serve youth, but also the parents and guardians.

Give any information explaining qualifications, experience, training, education, volunteer activities, community organization memberships, or personal interests that bear on your application for the above Board, Commission or Committee. Attach additional documentation as necessary.

I sat on the school board of the Santa Barbara Unified School District for 2 years, seeing the work needed between 0-5 providers and our Pre-K to 12 district. I have served on the board of directors for Future Leaders of America for the last 5 years and seen the continued need for services for some of our most vulnerable families (parents and youth) in creating stronger bonds so as to provide a better future for our youth and our community. I have also served on the Grant Making Committee for the Fund for Santa Barbara, providing funding to programs and campaigns that serve all ages and populations.
