Director, Marketing - SB Botanic Gardens

If you are now, or have ever been employed by the County of Santa Barbara, please list the department in which you worked, your title, and the dates you were employed.

No

Interests & Experiences

Please explain why you are interested in serving, and what experience you bring to the Committee. Attach additional documentation as necessary.

I grew up in Santa Barbara - now having returned to raise my daughter here, I want to support other families navigating the challenges of parenting. I'm a single mom, but my daughter is lucky enough to have retired educators as grandparents who are heavily involved in helping to raise her during her first 5 years. I know how critical this time period is for development - but also how hard it can be. First 5 programming helps provide critical early childhood development resources, education and support to families in our community and I would be honored to be a part of that important service.

Give any information explaining qualifications, experience, training, education, volunteer activities, community organization memberships, or personal interests that bear on your application for the above Board, Commission or Committee. Attach additional documentation as necessary.

I have a doctorate in Educational Leadership from UCLA, and I work in education as an executive in one of the largest educational technology companies in the country. I have expertise in online learning, pedagogy, learning theory, marketing, communications and strategy development. I have previously volunteered for education foundation's in Los Angeles, supporting marketing and communications, development and strategic planning. I have a deep, personal interest in early childhood education as a parent of a young daughter, and a daughter of lifelong educators who instilled in me the deep value of education, community and service. I attended Goleta public schools for k-12.
