

**COUNTY OF SANTA BARBARA
PLANNING AND DEVELOPMENT**

MEMORANDUM

TO: Board of Supervisors

FROM: Dianne Meester, Assistant Director
Planning and Development Department

DATE: June 28, 2005

RE: Continuance request for the Zoning Ordinance Reformatting Project (ZORP)

Planning and Development requests that the ZORP item be continued from July 12, 2005 until August 16, 2005 for the following reasons:

At the Board of Supervisors' hearing on May 17, 2005, P&D requested that the BOS allow for a continuance of this item until July 12, 2005 so that P&D staff could present both the Montecito and County Planning Commission's final recommendation in regards to three potential formatting "Options" for the Land Use & Development Code (LUDC). Since that time, a potential fourth option (Option IV) has been introduced by the CEO's office and is being explored by the ZORP team. Additionally, Option IV is proposed for review at the upcoming Montecito Association meeting on July 5, 2005.

In light of the potential new option, and to allow time for the ZORP team and the Montecito Association to review and discuss, staff respectfully requests that the Board continue the ZORP agenda item to the August 16, 2005 hearing.
