Contractor at its own expense shall defend, indemnify, and hold harmless County against any claim that any Copyrightable Works or Inventions or other items provided by Contractor hereunder infringe upon intellectual or other proprietary rights of a third party, and Contractor shall pay any damages, costs, settlement amounts, and fees (including attorneys' fees) that may be incurred by County in connection with any such claims. Contractor may use such items only in connection with providing the services. Contractor shall not disseminate any County property, documents, or information without County's prior written consent.

**14. RECORDS, AUDIT, AND REVIEW.**

- A. Contractor shall keep such business records pursuant to this Agreement as would be kept by a reasonably prudent practitioner of Contractor's profession and shall maintain such records for at least three (3) years following the termination of this Agreement unless a longer period of record retention is stipulated or in the event Contractor has been notified that an audit or investigation of this Agreement has been commenced, until such time as the matter under audit or investigation has been resolved, including the exhaustion of all legal remedies, whichever is later. All accounting records shall be kept in accordance with generally accepted accounting principles. County shall have the right to audit and review all such documents and records at any time during Contractor's regular business hours or upon reasonable notice. In addition, if this Agreement exceeds ten thousand dollars (\$10,000.00), Contractor shall be subject to the examination and audit of the California State Auditor, at the request of the County or as part of any audit of the County, for a period of three (3) years after final payment under the Agreement (Cal. Govt. Code Section 8546.7). Contractor shall participate in any audits and reviews, whether by County or the State, at no charge to County.
- B. If federal, state or County audit exceptions are made relating to this Agreement, Contractor shall reimburse all costs incurred by federal, state, and/or County governments associated with defending against the audit exceptions or performing any audits or follow-up audits, including but not limited to: audit fees, court costs, attorneys' fees based upon a reasonable hourly amount for attorneys in the community, travel costs, penalty assessments and all other costs of whatever nature. Immediately upon notification from County, Contractor shall reimburse the amount of the audit exceptions and any other related costs directly to County as specified by County in the notification.

**15. INDEMNIFICATION AND INSURANCE.**

Contractor agrees to the indemnification and insurance provisions as set forth in EXHIBIT C attached hereto and incorporated herein by reference.

**16. NONDISCRIMINATION.**

County hereby notifies Contractor that County's Unlawful Discrimination Ordinance (Article XIII of Chapter 2 of the Santa Barbara County Code) applies to this Agreement and is incorporated herein by this reference with the same force and effect as if the ordinance were specifically set out herein and Contractor agrees to comply with said ordinance.

**17. NONEXCLUSIVE AGREEMENT.**

Contractor understands that this is not an exclusive Agreement and that County shall have the right to negotiate with and enter into contracts with others providing the same or similar services as those provided by Contractor as the County desires.

**18. NON-ASSIGNMENT.**

Contractor shall not assign, transfer or subcontract this Agreement or any of its rights or obligations under this Agreement without the prior written consent of County and any attempt to so assign, subcontract or transfer without such consent shall be void and without legal effect and shall constitute grounds for termination.

**19. TERMINATION.**

A. **By County.** County may, by written notice to Contractor, terminate this Agreement in whole or in part at any time, whether for County's convenience, for non-appropriation of funds, or because of the failure of Contractor to fulfill the obligations herein.

1. **For Convenience.** County may terminate this Agreement in whole or in part upon thirty (30) days written notice. During the thirty (30) day period, Contractor shall, as directed by County, wind down and cease its services as quickly and efficiently as reasonably possible, without performing unnecessary services or activities and by minimizing negative effects on County from such winding down and cessation of services.

2. **For Non-appropriation of Funds.**

i. The parties acknowledge and agree that this Agreement is dependent upon the availability of County, State, and/or federal funding. If funding to make payments in accordance with the provisions of this Agreement is not forthcoming from the County, State and/or federal governments for the Agreement, or is not allocated or allotted to County by the County, State and/or federal governments for this Agreement for periodic payment in the current or any future fiscal period, then the obligations of County to make payments after the effective date of such non-allocation or non-funding, as provided in the notice, will cease and terminate.

- ii. As permitted by applicable State and Federal laws regarding funding sources, if funding to make payments in accordance with the provisions of this Agreement is delayed or is reduced from the County, State, and/or federal governments for the Agreement, or is not allocated or allotted in full to County by the County, State, and/or federal governments for this Agreement for periodic payment in the current or any future fiscal period, then the obligations of County to make payments will be delayed or be reduced accordingly or County shall have the right to terminate the Agreement. If such funding is reduced, County in its sole discretion shall determine which aspects of the Agreement shall proceed and which Services shall be performed. In these situations, County will pay Contractor for Services and Deliverables and certain of its costs. Any obligation to pay by County will not extend beyond the end of County's then-current funding period.
  - iii. Contractor expressly agrees that no penalty or damages shall be applied to, or shall accrue to, County in the event that the necessary funding to pay under the terms of this Agreement is not available, not allocated, not allotted, delayed or reduced.
3. **For Cause.** Should Contractor default in the performance of this Agreement or materially breach any of its provisions, County may, at County's sole option, terminate or suspend this Agreement in whole or in part by written notice. Upon receipt of notice, Contractor shall immediately discontinue all services affected (unless the notice directs otherwise) and notify County as to the status of its performance. The date of termination shall be the date the notice is received by Contractor, unless the notice directs otherwise.
- B. By Contractor.** Should County fail to pay Contractor all or any part of the payment set forth in EXHIBIT B(s), Contractor may, at Contractor's option terminate this Agreement if such failure is not remedied by County within thirty (30) days of written notice to County of such late payment.
- C. Upon Termination.** Contractor shall deliver to County all data, estimates, graphs, summaries, reports, and all other property, records, documents or papers as may have been accumulated or produced by Contractor in performing this Agreement, whether completed or in process, except such items as County may, by written permission, permit Contractor to retain. Notwithstanding any other payment provision of this Agreement, County shall pay Contractor for satisfactory services performed to the date of termination to include a prorated amount of compensation due hereunder less payments, if any, previously made. In no event shall Contractor be paid an amount in excess of the full price under this Agreement nor for profit on unperformed portions of service. Contractor shall furnish to County such financial information as in the judgment of County is necessary to determine the reasonable value of the services rendered by Contractor. In the event of a dispute as to the reasonable value of the services rendered by Contractor, the decision of County shall be final. The foregoing is cumulative and shall not affect any right or remedy which County may have in law or equity.

## 20. **SUSPENSION FOR CONVENIENCE.**

The Director of the Department of Behavioral Wellness or designee may, without cause, order Contractor in writing to suspend, delay, or interrupt the services under this Agreement in whole or in part for up to 120 days. County shall incur no liability for suspension under this provision and suspension shall not constitute a breach of this Agreement.

**21. SECTION HEADINGS.**

The headings of the several sections, and any Table of Contents appended hereto, shall be solely for convenience of reference and shall not affect the meaning, construction or effect hereof.

**22. SEVERABILITY.**

If any one or more of the provisions contained herein shall for any reason be held to be invalid, illegal or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions hereof, and such invalidity, illegality or unenforceability shall not affect any other provision hereof, and this Agreement shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

**23. REMEDIES NOT EXCLUSIVE.**

No remedy herein conferred upon or reserved to County is intended to be exclusive of any other remedy or remedies, and each and every such remedy, to the extent permitted by law, shall be cumulative and in addition to any other remedy given hereunder or now or hereafter existing at law or in equity or otherwise.

**24. TIME IS OF THE ESSENCE.**

Time is of the essence in this Agreement and each covenant and term is a condition herein.

**25. NO WAIVER OF DEFAULT.**

No delay or omission of County to exercise any right or power arising upon the occurrence of any event of default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by this Agreement to County shall be exercised from time to time and as often as may be deemed expedient in the sole discretion of County.

**26. ENTIRE AGREEMENT AND AMENDMENT.**

In conjunction with the matters considered herein, this Agreement contains the entire understanding and agreement of the parties and there have been no promises, representations, agreements, warranties or undertakings by any of the parties, either oral or written, of any character or nature hereafter binding except as set forth herein. This Agreement may be altered, amended or modified only by an instrument in writing, executed by the parties to this Agreement and by no other means. Each party waives their future right to claim, contest or assert that this Agreement was modified, canceled, superseded, or changed by any oral agreements, course of conduct, waiver or estoppel. Requests for changes to the terms and conditions of this agreement after April 1 of the Fiscal Year for which the change would be applicable shall not be considered. All requests for changes shall be in writing. Changes shall be made by an amendment pursuant to this Section. Any amendments or modifications that do not materially change the terms of this Agreement (such as changes to the Designated Representative or Contractor's address for purposes of Notice) may be approved by the Director of the Department of Behavioral Wellness or designee. Except as otherwise provided in this Agreement, the Board of Supervisors of the County of Santa Barbara must approve all other amendments and modifications.

**27. SUCCESSORS AND ASSIGNS.**

All representations, covenants and warranties set forth in this Agreement, by or on behalf of, or for the benefit of any or all of the parties hereto, shall be binding upon and inure to the benefit of such party, its successors and assigns.

**28. COMPLIANCE WITH LAW.**

Contractor shall, at its sole cost and expense, comply with all County, State and Federal ordinances; statutes; regulations; orders including, but not limited to, executive orders, court orders, and health officer orders; guidance; and letters including, but not limited to, those issued by the California Department of Public Health now in force or which may hereafter be in force with regard to this Agreement. The judgment of any court of competent jurisdiction, or the admission of Contractor in any action or proceeding against Contractor, whether County is a party thereto or not, that Contractor has violated any such ordinance, statute, regulation, order, and/or letter shall be conclusive of that fact as between Contractor and County.

**29. CALIFORNIA LAW AND JURISDICTION.**

This Agreement shall be governed by the laws of the State of California. Any litigation regarding this Agreement or its contents shall be filed in the County of Santa Barbara, if in state court, or in the federal district court nearest to Santa Barbara County, if in federal court.

**30. EXECUTION OF COUNTERPARTS.**

This Agreement may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original; and all such counterparts, or as many of them as the parties shall preserve undestroyed, shall together constitute one and the same instrument.

Furthermore, by entering into this Agreement, Contractor hereby warrants that it shall not have breached the terms or conditions of any other contract or agreement to which Contractor is obligated, which breach would have a material effect hereon.

**32. SURVIVAL.**

All provisions of this Agreement which by their nature are intended to survive the termination or expiration of this Agreement shall survive such termination or expiration.

**33. PRECEDENCE.**

In the event of conflict between the provisions contained in the numbered sections of this Agreement and the provisions contained in the Exhibits, the provisions of the Exhibits shall prevail over those in the numbered sections.

**34. COMPLIANCE WITH HIPAA.**

## EXHIBIT D: SPECIAL TERMS AND CONDITIONS

### 1. GRANTEE'S GENERAL RESPONSIBILITY

- D. Grantee agrees to comply with all terms and conditions of this Grant Agreement. Review and approval by the BSCC are solely for the purpose of proper administration of grant funds and shall not be deemed to relieve or restrict the Grantee's responsibility.
- E. Grantee is responsible for the performance of all project activities identified in Attachment 1: Prop 64 PH&S Cohort 2 Request for Proposals and Attachment 2: Grant Proposal/Application for Funding.
- F. Grantee shall immediately advise the BSCC of any significant problems or changes that arise during the course of the project.

### 2. GRANTEE ASSURANCES AND COMMITMENTS

#### A. Compliance with Laws and Regulations

This Grant Agreement is governed by and shall be interpreted in accordance with the laws of the State of California. Grantee shall at all times comply with all applicable State laws, rules and regulations, and all applicable local ordinances.

#### B. Fulfillment of Assurances and Declarations

Grantee shall fulfill all assurances, declarations, representations, and statements made by the Grantee in Attachment 1: Prop 64 PH&S Cohort 2 Request for Proposal and Attachment 2: Grant Proposal/Application for Funding, documents, amendments, approved modifications, and communications filed in support of its request for grant funds.

#### C. Permits and Licenses

Grantee agrees to procure all permits and licenses necessary to complete the project, pay all charges and fees, and give all notices necessary or incidental to the due and lawful proceeding of the project work.

### 2. POTENTIAL SUBCONTRACTORS

- A. In accordance with the provisions of this Grant Agreement, the Grantee may subcontract for services needed to implement and/or support program activities. Grantee agrees that in the event of any inconsistency between this Grant Agreement and Grantee's agreement with a subcontractor, the language of this Grant Agreement will prevail.
- B. Nothing contained in this Grant Agreement or otherwise, shall create any contractual relation between the BSCC and any subcontractors, and no subcontract shall relieve the Grantee of his responsibilities and obligations hereunder. The Grantee agrees to be as fully responsible to the BSCC for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Grantee. The Grantee's obligation to pay its subcontractors is an independent obligation from the BSCC's obligation to make payments to the Grantee. As a result, the BSCC shall have no obligation to pay or to enforce the payment of any moneys to any subcontractor.

- C. Grantee shall ensure that all subcontractors comply with the eligibility requirements stated in the Prop 64 PH&S Grant Cohort 2 RFP and described in Appendix B.
- D. Grantee assures that for any subcontract awarded by the Grantee, such insurance and fidelity bonds, as is customary and appropriate, will be obtained.
- E. Grantee agrees to place appropriate language in all subcontracts for work on the project requiring the Grantee's subcontractors to:

- 1) Books and Records

Maintain adequate fiscal and project books, records, documents, and other evidence pertinent to the subcontractor's work on the project in accordance with generally accepted accounting principles. Adequate supporting documentation shall be maintained in such detail so as to permit tracing transactions from the invoices, to the accounting records, to the supporting documentation. These records shall be maintained for a minimum of three (3) years after the acceptance of the final grant project audit under the Grant Agreement and shall be subject to examination and/or audit by the BSCC or designees, state government auditors or designees, or by federal government auditors or designees.

- 2) Access to Books and Records

Make such books, records, supporting documentations, and other evidence available to the BSCC or designee, the State Controller's Office, the Department of General Services, the Department of Finance, California State Auditor, and their designated representatives during the course of the project and for a minimum of three (3) years after acceptance of the final grant project audit. The Subcontractor shall provide suitable facilities for access, monitoring, inspection, and copying of books and records related to the grant-funded project.

#### **4. PROJECT ACCESS**

Grantee shall ensure that the BSCC, or any authorized representative, will have suitable access to project activities, sites, staff and documents at all reasonable times during the grant period including those maintained by subcontractors. Access to program records will be made available by both the grantee and the subcontractors for a period of three (3) years following the end of the grant period.

#### **5. ACCOUNTING AND AUDIT REQUIREMENTS**

- A. Grantee agrees that accounting procedures for grant funds received pursuant to this Grant Agreement shall be in accordance with generally accepted government accounting principles and practices, and adequate supporting documentation shall be maintained in such detail as to provide an audit trail. Supporting documentation shall permit the tracing of transactions from such documents to relevant accounting records, financial reports and invoices.

- B. Grantees are required to provide the BSCC with a financial audit within no later than the end of the contract term (October 31, 2023). The financial audit shall be performed by a Certified Public Accountant or a participating county or city auditor that is organizationally independent from the participating county or city's project financial management functions. Expenses for this final audit may be reimbursed for actual costs up to \$25,000.
- C. The BSCC reserves the right to call for a program or financial audit at any time between the execution of this Grant Agreement and three years following the end of the grant period. At any time, the BSCC may disallow all or part of the cost of the activity or action determined to not be in compliance with the terms and conditions of this Grant Agreement or take other remedies legally available.

## 6. DEBARMENT, FRAUD, THEFT OR EMBEZZLEMENT

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to grantees that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

All Grantees must have on file with the BSCC a completed and signed Certification of Compliance with BSCC Policies on Debarment, Fraud, Theft and Embezzlement (required as Attachment F of the original Proposal Package).

## 7. MODIFICATIONS

No change or modification in the project will be permitted without prior written approval from the BSCC. Changes may include modification to project scope, changes to performance measures, compliance with collection of data elements, and other significant changes in the budget or program components contained in Attachment 1: Prop 64 PH&S Cohort 2 Request for Proposals/Application for Funding, or approved modifications. Changes shall not be implemented by the project until authorized in writing by the BSCC.

## **8. TERMINATION**

- A. This Grant Agreement may be terminated by the BSCC at any time after grant award and prior to completion of project upon action or inaction by the Grantee that constitutes a material and substantial breach of this Grant Agreement. Such action or inaction includes but is not limited to:
- 1) substantial alteration of the scope of the grant project without prior written approval of the BSCC;
  - 2) refusal or inability to complete the grant project in a manner consistent with Attachment 1: Prop 64 PH&S Request for Proposal/Application for Funding, or approved modifications, or approved modifications; and
  - 3) failure to meet prescribed assurances, commitments, recording, accounting, auditing, and reporting requirements of the Grant Agreement.
- B. Prior to terminating the Grant Agreement under this provision, the BSCC shall provide the Grantee at least 30 calendar days written notice stating the reasons for termination and effective date thereof. The Grantee may appeal the termination decision in accordance with the instructions listed in Exhibit D: Special Terms and Conditions, Number 9. Settlement of Disputes.

## **9. SETTLEMENT OF DISPUTES**

- A. The parties shall deal in good faith and attempt to resolve potential disputes informally. If the dispute persists, the Grantee shall submit to the BSCC Corrections Planning and Grant Programs Division Deputy Director a written demand for a final decision regarding the disposition of any dispute between the parties arising under, related to, or involving this Grant Agreement. Grantee's written demand shall be fully supported by factual information. The BSCC Corrections Planning and Grant Programs Division Deputy Director shall have 30 days after receipt of Grantee's written demand invoking this Section "Disputes" to render a written decision. If a written decision is not rendered within 30 days after receipt of the Grantee's demand, it shall be deemed a decision adverse to the Grantee's contention. If the Grantee is not satisfied with the decision of the BSCC Corrections Planning and Grant Programs Division Deputy Director, the Grantee may appeal the decision, in writing, within 15 days of its issuance (or the expiration of the 30-day period in the event no decision is rendered), to the BSCC Executive Director, who shall have 45 days to render a final decision. If the Grantee does not appeal the decision of the BSCC Corrections Planning and Grant Programs Division Deputy Director, the decision shall be conclusive and binding regarding the dispute and the Contractor shall be barred from commencing an action in court, or with the Victims Compensation Government Claims Board, for failure to exhaust Grantee's administrative remedies.
- B. Pending the final resolution of any dispute arising under, related to or involving this Grant Agreement, Grantee agrees to diligently proceed with the performance of this Grant Agreement, including the providing of services in accordance with the Grant Agreement. Grantee's failure to diligently proceed in accordance with the State's instructions regarding this Grant Agreement shall be considered a material breach of this Grant Agreement.
- C. Any final decision of the State shall be expressly identified as such, shall be in writing, and shall be signed by the Executive Director, if an appeal was made. If the Executive Director

fails to render a final decision within 45 days after receipt of the Grantee's appeal for a final decision, it shall be deemed a final decision adverse to the Grantee's contentions. The State's final decision shall be conclusive and binding regarding the dispute unless the Grantee commences an action in a court of competent jurisdiction to contest such decision within 90 days following the date of the final decision or one (1) year following the accrual of the cause of action, whichever is later.

D. The dates of decision and appeal in this section may be modified by mutual consent, as applicable, excepting the time to commence an action in a court of competent jurisdiction.

**9. UNION ACTIVITIES**

For all agreements, except fixed price contracts of \$50,000 or less, the Grantee acknowledges that applicability of Government Code §§16654 through 16649 to this Grant Agreement and agrees to the following:

- A. No State funds received under the Grant Agreement will be used to assist, promote or deter union organizing.
- B. Grantee will not, for any business conducted under the Grant Agreement, use any State property to hold meetings with employees or supervisors, if the purpose of such meetings is to assist, promote or deter union organizing, unless the State property is equally available to the general public for holding meetings.
- C. If Grantee incurs costs or makes expenditures to assist, promote or deter union organizing, Grantee will maintain records sufficient to show that no reimbursement from State funds has been sought for these costs, and that Grantee shall provide those records to the Attorney General upon request.

**10. WAIVER**

The parties hereto may waive any of their rights under this Grant Agreement unless such waiver is contrary to law, provided that any such waiver shall be in writing and signed by the party making such waiver.

### 1. Project Need (Percent of Total Value: 25%)

According to Lucille Packard Foundation, Santa Barbara County has one of the highest cannabis youth use rates in the State. Recognizing the need for counseling services, cannabis growers in Carpinteria contributed \$189,000 to the Council on Alcoholism and Drug Abuse (CADA) to provide treatment services in southern Santa Barbara County. The Los Angeles Times and Santa Barbara Independent wrote articles indicating that the amount of cannabis being grown and consumed in Santa Barbara County is so great that the county could be renamed "CannaBarbara". (LA Times, 6/26/19; SB Independent, 5/28/20). The Independent also stated that "Santa Barbara is second only to Humboldt County in its embrace of the lucrative crop" (SB Independent, 5/28/21).

Schools currently do not have the resources needed to provide youth with robust cannabis education, prevention, and early intervention programs and staff may be unaware of community resources when students need a referral to services. While some schools have a School Resource Officer (SRO) program, officers have limited resources to help address issues around cannabis use. Behavioral Wellness' ADP funding sources are limited to Drug Medi-Cal (DMC) and Substance Abuse Prevention and Treatment Block Grant funding for clients who meet medical necessity for treatment. While SABG funding for primary prevention services is nestled in local communities, there is still a significant gap within the schools and when coordinating linkages to services for youth prevention and treatment services. County Public Health (PHD) has limited cannabis information on its website and few resources to coordinate social media campaigns and nearly all of local cannabis tax revenues are allocated to the county CEO's office for developing business and licensing protocols, with some funding for law enforcement to identify illegal grow operations.

The need for primary and secondary prevention, SBIRT and care coordination services is evidenced by the fact that over 75% of transitional-aged youth (12 to 24) in our Substance Use Disorder (SUD) treatment system report that cannabis is their drug of choice. To further complicate the need, the County has limited substance use referral sources for youth who may meet medical necessity for treatment, but are never enrolled in treatment programs. Santa Barbara County is home to approximately 60,000 transitional-aged youth

PROP 64 PH&S GRANT COHORT 2 REQUEST FOR PROPOSALS Page 1 of 8

with approximately 275 in Behavioral Wellness (BWell) treatment programs. Taking into consideration that 10% to 15% of the general population have some form of SUD misuse, Santa Barbara's treatment rate of 0.45% falls significantly below the threshold. Adolescents especially do not have access to adequate prevention, screening, early intervention and referral resources since those resources do not exist in their natural environments and they lack direct connection with resources outside of their communities. The results from the most recent CalSCHLS (formerly California Healthy Kids Survey) data (2018) reveals cannabis usage rates within 30 days of the survey are 10% of 9th graders, 17% for 11th grade and 36% for non-traditional students. These indicated were an increase from 2016 data, with a 7% increase in use by 11th grade students. The survey was not administered in many of our schools during the 2019/20 school year due to COVID restrictions.

## **2. Project Description (Percent of Total Value: 50%)**

Behavioral Wellness proposes a Health Student Initiative (HSI) program that focuses mainly on PPA1 with support for PPA2 and PPA3. Our Public Health Department (PHD) will collaborate with Behavioral Wellness and community youth to develop robust social media campaigns for general education and increase the perception of harm around cannabis, which has eroded with the legalization of recreational use. We will also partner with Santa Barbara County Sheriff's Office to support SRO efforts when addressing cannabis prevention and use at County middle and high schools starting with a commitment from the Santa Maria Joint Unified High School District to provide services in their schools. In the fall of 2020, Behavioral Wellness was awarded a Mental Health Student Services Act grant from the Mental Health Services Oversight and Accountability Commission to create partnerships with County schools. ADP will be able to utilize the new collaborations to further identify schools with high need for AOD services to participate in the proposed program.

Behavioral Wellness will collaborate with schools to provide a foundation for Student Assistance Programs (SAP) which will provide a full array of primary and secondary prevention, support groups, screening, care coordination, and Services, Brief Intervention and Referral to Treatment (SBIRT). SAPs will be led by peer leaders within the school and will be supervised by an Alcohol and Drug Services Specialist (ADSS) who will be Sate of

CA certified and experienced in alcohol and other drug counseling. If the school has a School Resource Officer (SRO) program, peer leaders will assist SROs, when appropriate, to address cannabis use among the students.

Funding allocated to PHD will help create age appropriate, peer-driven social media campaigns to educate students, families and communities about cannabis use with the goal of increasing perception of harm. Many adults and youth do not understand or believe messages about the negative impacts of high THC potency, especially when using concentrated oils through vaping.

ADSS staff will be responsible for directly linking students to prevention, treatment and ancillary services, when indicated. ADP has established the Strengthening Families Program (SFP) throughout each region of the County. SFP is an evidence-based family educational and skills-building training that focuses on improving parenting skills and family relationships while reducing harmful behavioral and improving social competencies and school performance and will be utilized when interacting with youth and their families.

HSI staff will also be responsible for providing a full range of educational presentations and materials to teachers, nurses, administrators and School Resource Officers. Educational training topics may include Cannabis and Human Development, the Process of Substance Use, Addiction and Recovery, Motivational Interviewing, and the Adolescent Community Reinforcement Approach (A-CRA) and other SUD Treatment Models

Our CalOMS treatment data and feedback among youth and their families indicates that providing services in the schools is essential for youth engagement. Student Assistance Programs (SAPs) and Strengthening Families Program (SFP) are SAMHSA evidenced-based practices with proven success rates nationally and, in the case of the SFP, effective current practices. Motivational Interviewing is now the bedrock of all communication and counseling practices due to its client centered, non-confrontational and culturally sensitive methods. The Adolescent Community Reinforcement Approach (A-CRA), in combination with harm reduction, is among the best treatment models to address the contextual factors of adolescent substance use, and has been successfully implemented in Santa Barbara before through a SAMHSA grant.

County schools and the Sheriff's Department have requested BWell/ADP provide additional services on campus, particularly for care coordination, substance use disorder (SUD) / alcohol and other drug (AOD) prevention, SBIRT and educational services aimed

at reducing student involved with cannabis. Social media campaigns by our experienced PHD will reinforce HIS's efforts and publicize valuable cannabis information to the public. An overwhelming number (75%) of transitional-aged youth (12-24) in our substance use disorder (SUD) treatment system report cannabis as their drug of choice and the most recent CalSCHLS (formerly California Healthy Kids Survey) data (2018) reveals cannabis usage within 30 days rates of 10% of 9th graders, 17% for 11th grade and 36% for non-traditional students. All three indicators saw an increase from 2016 data, with a 7% increase in use by 11th grade students. With limited resources to address cannabis use in the schools, youth who may meet medical necessity for treatment do not receive referrals to County or community resources at anticipated levels. Santa Barbara County is home to approximately 60,000 transitional-aged youth with approximately 275 in Behavioral Wellness (BWell) treatment programs. Taking into consideration that 10% to 15% of the general population have some form of SUD misuse, Santa Barbara's treatment rate of 0.45% falls significantly below the threshold.

ADP has developed programs to meet the complex needs of children, transitional-aged youth and adults where trauma is ubiquitous. ADP pioneered the use of trauma-informed counseling and has been using Seeking Safety for over 15 years within our perinatal and women's system of care. Youth development, prevention and intervention services will be trauma-informed, culturally relevant, developmentally appropriate and community driven. We also have a fully integrated cultural competency plan supporting the belief that clients should be assessed and treated within their preferred cultural context. Additionally, our prevention, SBIRT and counseling models are built upon Motivational Interviewing, a culturally sensitive communication model.

HSI staff and peers will collaborate with the School Resource Officers (SRO) to assist law enforcement in addressing SUD issues before they become legal issues for students. ADSS staff will assist SROs to establish trust with students and school staff and they will be able to call upon the ADSS's and peer leaders to assist in screening and interventions that are beyond the scope of the deputies. SROs, peer leaders and ADSS staff will collaborate to triage cases and work with students and their families on deciding action plans for treatment and repairing harm caused by the student's cannabis use.

SROs report significant levels of opioid, methamphetamine and cannabis use and abuse in the high schools. Although the focus of this grant will be cannabis, we anticipate

providing SBIRT services, including mediation assisted treatment (MAT) for some clients. Therefore, all staff involved in this grant will be trained in assessing client need for MAT treatment services with linkages to ADP and community services related to opioid treatment and MAT services.

The Mental Health Student Services Act programming is designed to increase youth access to mental health and AOD services. One of the primary goals for both grants is to integrate youth substance use and mental health services. ADP's Healthy Student Initiatives, MHSSA and EPI programs will serve as interwoven referral sources covering education, prevention, and early intervention with direct access to higher levels of care. MHSSA will help create partnerships in previously underserved school districts, allowing this Initiative to have an impact beyond the confirmed commitment of the Santa Maria Joint Union High School District.

Grant funding will support three (3.0 FTE) Alcohol and Drug Services Specialists (ADSS) to develop or enhance school SAP plans in coordination with school staff, students and law enforcement personnel. They will also recruit, train and supervise peer leaders who will provide services to students and their families. ADSS staff will develop and facilitate outreach activities at local community events in order to reinforce Public Health messaging, advertise programming and identify individuals and families who may benefit from SBIRT and AOD treatment activities. Services will be delivered using an age and culturally appropriate approach in order to destigmatize and de-dramatize substance abuse and treatment activities. When appropriate, Harm Reduction (HR) activities will be utilized and framed in a way so clients understand that treatment will continue, even if they cannot stop using quickly. HR can be seen as an allowance for individuals and youth especially to not only continue using SUD, but to continue using with adult approval.

Public Health social media campaigns will consist of research-based, youth developed messaging identifying the negative impacts, including on the brain, that are associated with cannabis use.

### **3. Project Evaluation (Percent of Total Value: 15%)**

ADP proposes to collaborate with Dr. Jill Sharkey (UCSB) as she has extensive experience with program oversight and evaluation efforts focused on youth. Dr. Sharkey will serve as the program's external evaluator and will work collaboratively with BWell's

Research and Evaluation (R&E) team to ensure accurate data collection, analyses and reporting accuracy.

Dr. Jill Sharkey is heavily engaged in community-based research designed to understand optimal ways to support youth in schools and juvenile justice, behavioral health, and child welfare systems. She has completed several evaluation projects funded by the California Board of State and Community Corrections including a four-year project to examine racial and ethnic disparities in juvenile justice and four multi-year projects to various cities in Santa Barbara County (Lompoc, Carpinteria, Santa Barbara, and South County) to evaluate the California Gang Reduction, Intervention and Prevention (CalGRIP) Program. Her recent federal grant work has included two projects funded by the Substance Abuse and Mental Health Services Agency (SAMHSA): Evaluation of Santa Barbara Veterans Entering Treatment Services 2017 to 2020 (1 H79 TI080118-01) and Bridges to Recovery 2010-2013 (H 79 TI 022513-01). Dr. Sharkey's experience with practical application of research and evaluation in vulnerable-population serving institutions paired with her experience as a school psychologist working within systems has prepared her to lend expertise to this proposed project.

Evaluation activities will be aligned with service delivery goals such that each assessment and/or data point informs prevention, screening, or intervention. Process data tracking will help ensure that providers address and route referrals, as well as adhere to, the assessment protocol. Intake assessments will guide intervention planning and provide a baseline for improvement. Consumer surveys will provide immediate feedback on how to improve the program. Outcome data will indicate for whom the program is helpful and, overall, what percentage of participants meet project goals and objectives.

The evaluation will include process and outcome evaluation measures. Process evaluation measures, such as referrals and referral outcomes and numbers of participants in particular program aspects, will be tracked through an online tracking program, such as SmartSheet. A consumer survey will be collected at three months and analyzed with descriptive statistics and consensual qualitative coding. Outcome measures (youth and parent reports) will be collected at intake and discharge.

Consumer Survey is an 11-item survey reduced from the Mental Health Statistics Improvement Program Family and Youth Satisfaction Surveys (Shafer & Temple, 2013). The resulting survey includes three-item scales of “outcome” and “cultural sensitivity” as well as three single items (I like this program, the location was convenient, and this program has helped my family). The final two items are open ended and designed to elicit qualitative program feedback, “What did you like most about this program?” and “What can we improve about this program?” The consumer survey is administered three months into the program and guides continuous program improvement.

Consumer Satisfaction Survey is an X-item survey reduced from the Treatment Perceptions Survey. The resulting survey measures perceptions of care/satisfaction with SUD services across 5 domains (access, quality, outcome, care coordination and general satisfaction).

Outcome Measures – California Healthy Kids Survey (CHKS). The CHKS is administered to California students every other year in seventh, ninth, and eleventh grades. School districts receive reports of aggregated data. The CHKS includes myriad questions about substance use; questions focused on marijuana (e.g., During the past 30 days, on how many days did you use marijuana (smoke, vape, eat, or drink) will be tracked in 2021 (baseline) and 2023 (outcome). Students referred to treatment will be given the ASAM Criteria to create a comprehensive assessment and service plan. Dimensions 4 (Readiness for Change) and 5 (Relapse, Continued Use, or Continued Problem Potential) are the key outcomes being tracked for this project. School Level data outcomes will be tracked including average daily attendance and disciplinary infractions for marijuana use.

To collect and report on the required performance measures, the internal Research and Evaluation team, will have access to their Electronic Health Records (EHR) that provides functionality for progress notes, treatment plans, medication tracking, and outcomes tracking. Utilizing an online data tracking source, Dr. Sharkey will have access to data collected by BWell's Research and Evaluation team for analyses. This resource will track each step of the evaluation process including due dates for intake materials (within 30 days), the window for the consumer survey (within two weeks of the three-month due date), and the window for discharge data (within one month of discharge). The tracking

method will also alert the evaluation team when data has been received. A Project ID number will be used and no identifying or treatment information will be included in the data. The evaluation team will use this tracking method to send weekly reminders to providers when various assessments are due. This tracking sheet will also assess process outcomes.

Project coordinators will be responsible for tracking referrals and referral outcomes as well as conducting intake assessments. They will record all process, intake, consumer survey, and outcome data in the shared database. The evaluator will have administrator access to this database. Permissions will be allocated such that the evaluator will be able to log in to the database but not have access to any student personal information. Behavioral Wellness and Evaluator will develop a Memorandum of Understanding that details financial and data sharing agreements.

To answer the evaluation questions, a pre-/post-test research design will be used. Baseline data will first be collected when a youth client enters the program. The same data measures will then be collected at subsequent regular intervals and analyzed to document change over time. Process data will be analyzed with counts and percentages. Consumer satisfaction will be analyzed with descriptive statistics and consensual qualitative coding. Quantitative outcomes will be analyzed through repeated-measures analysis of variance.

RE: Letter of Commitment – Prop 64 Grant Application

To Whom it May Concern:

The County of Santa Barbara Public Health Department supports the County of Santa Barbara Behavioral Wellness Department’s application for the BSCC Proposition 64 Safety Grant. Cannabis is an increasing issue among youth in our schools, as evidence by over 50% of our current clients reporting that cannabis is their preferred drug of choice. Possession of cannabis is also the most prevalent drug offense when interacting with youth on school campuses and in the community. Public Health will collaborate with Behavioral Wellness to address youth cannabis use in our community.

In collaboration with Behavioral Wellness and community youth, Public Health will coordinate social media outreach campaigns focused on cannabis prevention. We are excited about the possibility of partnering with Behavioral Wellness to ensure our youth are well educated on the impacts of cannabis use and have access to services when needed.

Sincerely,

RE: Letter of Commitment – Prop 64 Grant Application

To Whom it May Concern:

The County of Santa Barbara Sheriff's Office supports the County of Santa Barbara Behavioral Wellness Department's application for the BSCC Proposition 64 Safety Grant. Cannabis is an increasing issue among youth in our schools, as evidenced by over 50% of our current clients reporting that cannabis is their preferred drug of choice. Possession of cannabis is also the most prevalent drug offense when interacting with youth on school campuses and in the community. The Sheriff's Office welcomes the opportunity for our School Resource Deputies (SRD) to partner with Behavioral Wellness staff to address cannabis use in our assigned schools as well as provide intervention and treatment assistance.

Drug and alcohol specialists, supported by SRDs, will provide outreach, prevention and early intervention to our students and neighboring communities. Alcohol and drug counselors, SRDs and peer support specialists will collaborate to identify students who may need assistance with cannabis use, including providing interventions before legal action may be taken. Additionally, students, parents, school staff and other stakeholders will be provided with cannabis prevention, early intervention and linkages to treatment services. We are excited about the possibility of partnering with Behavioral Wellness to ensure our youth are well educated on the impacts of cannabis use and have access to services when needed.

Sincerely,

Richard Brittingham

**Regarding Debarment, Fraud, Theft, and Embezzlement**

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to applicants that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

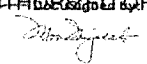

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

By checking the following boxes and signing below, applicant affirms that:

- I/We are not currently debarred by any federal, state, or local entity from applying for or receiving federal, state, or local grant funds.
- I/We have not been convicted of any crime involving theft, fraud, or embezzlement of federal, state, or local grant funds within the last three years. We will notify the BSCC should such debarment or conviction occur during the term of the Grant contract.
- I/We will hold subgrantees and subcontractors to these same requirements.

A grantee may make a request in writing to the Executive Director of the BSCC for an exception to the debarment policy. Any determination made by the Executive Director shall be made in writing.

Non-governmental entities that have recently reorganized or have merged with other qualified non-governmental entities that were in existence prior to the six-month date are also eligible, provided all necessary agreements have been executed and filed with the California Secretary of State prior to the start date of the grant agreement with the BSCC or the start date of the grantee-subcontractor fiscal agreement.

- Have a valid business license, Employer Identification Number (EIN), and/or Taxpayer ID (if sole proprietorship);
- Have any other state or local licenses or certifications necessary to provide the services requested (e.g., facility licensing by the Department of Health Care Services), if applicable; and

(For Service Contracts Not Requiring Professional Liability

---

INDEMNIFICATION

CONTRACTOR agrees to indemnify, defend (with counsel reasonably approved by COUNTY) and hold harmless COUNTY and its officers, officials, employees, agents and volunteers from and against any and all claims, actions, losses, damages, judgments and/or liabilities arising out of this Agreement from any cause whatsoever, including the acts, errors or omissions of any person or entity and for any costs or expenses (including but not limited to attorneys' fees) incurred by COUNTY on account of any claim except where such indemnification is prohibited by law. CONTRACTOR'S indemnification obligation applies to COUNTY'S active as well as passive negligence but does not apply to COUNTY'S sole negligence or willful misconduct.

NOTIFICATION OF ACCIDENTS AND SURVIVAL OF INDEMNIFICATION PROVISIONS

CONTRACTOR shall notify COUNTY immediately in the event of any accident or injury arising out of or in connection with this Agreement. The indemnification provisions in this Agreement shall survive any expiration or termination of this Agreement.

INSURANCE

CONTRACTOR shall procure and maintain for the duration of this Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder and the results of that work by the CONTRACTOR, its agents, representatives, employees or subcontractors.

A. Minimum Scope of Insurance

Coverage shall be at least as broad as:

1. **Commercial General Liability (CGL):** Insurance Services Office (ISO) Form CG 00 01 covering CGL on an "occurrence" basis, including products-completed operations, personal & advertising injury, with limits no less than \$2,000,000 per occurrence and \$4,000,000 in the aggregate.
2. **Automobile Liability:** Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if CONTRACTOR has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than \$1,000,000 per accident for bodily injury and property damage.
3. **Workers' Compensation:** Insurance as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than \$1,000,000 per accident for bodily injury or disease. *(Not required if CONTRACTOR provides written verification that it has no employees)*

If the CONTRACTOR maintains higher limits than the minimums shown above, the COUNTY requires and shall be entitled to coverage for the higher limits maintained by the CONTRACTOR. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the COUNTY.

B. Other Insurance Provisions

The insurance policies are to contain, or be endorsed to contain, the following provisions:

1. **Additional Insured** – COUNTY, its officers, officials, employees, agents and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the CONTRACTOR'S insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; **and** CG 20 37 if a later edition is used).
2. **Primary Coverage** – For any claims related to this Agreement, the CONTRACTOR'S insurance coverage shall be primary insurance as respects the COUNTY, its officers, officials, employees, agents and volunteers. Any insurance or self-insurance maintained by the COUNTY, its officers, officials, employees, agents or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it.
3. **Notice of Cancellation** – Each insurance policy required above shall provide that coverage shall not be canceled, except with notice to the COUNTY.
4. **Waiver of Subrogation Rights** – CONTRACTOR hereby grants to COUNTY a waiver of any right to subrogation which any insurer of said CONTRACTOR may acquire against the COUNTY by virtue of the payment of any loss under such insurance. CONTRACTOR agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not the COUNTY has received a waiver of subrogation endorsement from the insurer.
5. **Deductibles and Self-Insured Retention** – Any deductibles or self-insured retentions must be declared to and approved by the COUNTY. The COUNTY may require the CONTRACTOR to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.
6. **Acceptability of Insurers** – Unless otherwise approved by Risk Management, insurance shall be written by insurers authorized to do business in the State of California and with a minimum A.M. Best's Insurance Guide rating of "A- VII".
7. **Verification of Coverage** – CONTRACTOR shall furnish the COUNTY with proof of insurance, original certificates and amendatory endorsements as required by this Agreement. The proof of insurance, certificates and endorsements are to be received and approved by the COUNTY before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the CONTRACTOR'S obligation to provide them. The CONTRACTOR shall furnish evidence of renewal of coverage throughout the term of the Agreement. The COUNTY reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

8. **Failure to Procure Coverage** – In the event that any policy of insurance required under this Agreement does not comply with the requirements, is not procured, or is canceled and not replaced, COUNTY has the right but not the obligation or duty to terminate the Agreement. Maintenance of required insurance coverage is a material element of the Agreement and failure to maintain or renew such coverage or to provide evidence of renewal may be treated by COUNTY as a material breach of contract.
9. **Subcontractors** – CONTRACTOR shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and CONTRACTOR shall ensure that COUNTY is an additional insured on insurance required from subcontractors.
10. **Special Risks or Circumstances** – COUNTY reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Agreement. CONTRACTOR agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of COUNTY to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of COUNTY.
