**Summary Text:**

**Burton Mesa Oversized Vehicles Parking Restriction Between 10:00 pm and 6:00 am**

Vandenberg Village is an unincorporated community of approximately 6,500 residents located north of the City of Lompoc and to the east of Vandenberg Air Force Base. Residents of the community have requested the County include the area along Burton Mesa Blvd into the recently passed County Code restricting oversized vehicles from parking on public streets between 10:00 pm and 6:00 am. Since the other cities in the County have passed oversized vehicle restrictions, residents have reported a noticeable increase in vehicles parked and stored in the community of Vandenberg Village. The County met with Vandenberg Village Association on August 19, 2015 to discuss problems with oversized vehicles parked on Burton Mesa Blvd. The Vandenberg Village Association requested that the restriction be passed at the earliest opportunity.

Public Works studied the issue and determined that oversized vehicles can cause neighborhood blight, impair sight distance, create nuisances, block travel lanes, and be hazardous to public health and the environment. Restricting the parking of these vehicles will reduce these issues. Public Works recommends restricting oversized vehicles as defined in County Code 23-13.12 on the public streets in the community of Vandenberg Village.

**Background:**

Parking restrictions are established or rescinded based on safety, necessity, and community benefit. Public Works weighs all of these factors and presents any recommended changes to the Board of Supervisors for approval. These parking restrictions may include, but are not limited to no parking, time limited parking, loading only, vehicle height restricted parking, angle parking, handicapped parking, or any combination of restrictions.

Public Works surveyed the proposed oversized vehicle parking restriction for the hours between 10:00 pm and 6:00 am described in this Board Letter, and determined the parking restrictions would be in the best interest of the community. The proposed parking restrictions would involve negligible or no expansion of use of existing facilities. Public Works recommends your Board's approval of the attached Ordinance to implement these parking restrictions, and find the approval of these restrictions exempt from California Environmental Quality Act (CEQA) pursuant to 14 CCR 15301.
