State Clearinghouse Number (if submitted to State Clearinghouse): 1998101061

Project Title: Lower Mission Creek Flood Control Project

Project Applicant: City and County of Santa Barbara

Project Location (include county): Santa Barbara, CA Santa Barbara County

Project Description:

Please see attached project description

This is to advise that the Santa Barbara County Flood Control District has approved the above  
( Lead Agency or  Responsible Agency)

described project on \_\_\_\_\_ and has made the following determinations regarding the above  
(date)  
described project.

1. The project ( will  will not) have a significant effect on the environment.
2.  An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.  
 A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures ( were  were not) made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan ( was  was not) adopted for this project.
5. A statement of Overriding Considerations ( was  was not) adopted for this project.
6. Findings ( were  were not) made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:

Santa Barbara County Flood Control District 130 E. Victoria St, Suite 200 Santa Barbara CA 93101

Signature (Public Agency): Maureen Spencer Title: Environmental Manager

Date: 1-25-21 Date Received for filing at OPR: \_\_\_\_\_

Notice of Determination Project Description  
Lower Mission Creek Flood Control Project  
January 25, 2021

Approve Easement Purchase Agreement between the District and 317 Chapala Street, LLC., for the purchase of permanent easement, permanent non-exclusive access & staging easement and temporary construction easement & agreement on a portion of County Assessor Parcel Number: 037-245-012, for the Lower Mission Creek Project (the Project).

The Lower Mission Creek Flood Control Project is a federal U.S. Army Corps of Engineers (ACOE) project that has been under study and development since the 1960s. The ACOE completed a feasibility study in 2000. The County and City of Santa Barbara are constructing the Project in sections (Reaches) as funding becomes available. As a locally funded project, the Santa Barbara County Flood Control and Water Conservation District is responsible for the right-of-way acquisition associated with the Project.

No substantial changes are proposed in the project because the District proposed to undertake the same activities on the parcels as those analyzed in the EIR/EIS. In addition, no substantial changes has, or is anticipated to occur, with respect to the circumstances under which the project is being undertaken. There have been no substantial changes to site conditions since the site was analyzed under the EIR/EIS. Finally, no new information of importance, which was not known and could not have been known at the time the previous EIR/EIS was certified, has become available.

In summary, because none of the conditions in State CEQA Guidelines Section 15162 have occurred with respect to the project, no subsequent EIR or negative declaration is required to approve, adopt, and authorize the Resolution of Necessity.
