I was going to call to in for Public Comment, prior to the agenda and thank the County for the amazing job they are doing, regarding Covid-19. However, I did not want to take away from Board time...

Please add my note of appreciation to the Board when reading my letter into the record.

"We the People," truly appreciate ALL EFFORTS and daily updates that the county is making, in regard to the Corona Virus Pandemic. THANK YOU!!!

Best Regards,

Renée O'Neill
