All the residents at Del Cielo MHP in Orcutt appreciate the moratorium that the County Board of Supervisors implemented in November 2024.

However, Harmony Communities is not adhering to the moratorium.

They have actually contacted one of the realtors that has a home for sale in the park and told them they need to change their MLS listing which states this is a 55+ community to an all-ages park. In addition there have been at least 2 homes in the park that have recently been sold to families with children/minors.

What can the county do about Harmony Communities' defiance of the moratorium?
