Letter of Interest from Allan Hancock College – Fire Engines & Associated Equipment Donation

Letter of Interest

March 16, 2020

Fire Chief Mark Hartwig
Santa Barbara County Fire Department
4410 Cathedral Oaks Road
Santa Barbara, CA 93110

Re: Donation of one (1) Type 3 Fire Engine and Associated Equipment

Dear Chief Hartwig,

Please accept this letter of interest regarding the disposition of one (1) Santa Barbara County Fire Department Type 3 Fire Engine. The Allan Hancock Fire Academy requests your consideration as you determine its future. As with past equipment donations from your department, your surplus equipment will continue to benefit the fire service, albeit in a non-emergency role, as a training aid in our Firefighter training program. The acquisition of your Type 3 engine will surely enhance the Wildland Firefighting training that we currently provide in our Fire Academy and it will likely remain in limited service in our program for several more years.

We value our longstanding partnership with Santa Barbara County Fire Department and we appreciate your continued generosity and support of our Fire Technology programs.

Thank you for your continued support and consideration.

With much gratitude,

Eric D. Smith
