Gentlepersons,

I want to comment on agenda item A-23 scheduled for the July 7, 2009 meeting of the Board of Supervisors. As a member of the public I am requesting that this item be removed from the Administrative Agenda and considered separately. I have also enclosed a signed copy of my letter for Supervisor Carbajal on this subject and I have sent all Supervisors an electronic copy of the letter.

Please see that the Board considers my written comments on item A-23 on the Board agenda for July 7, 2009. Thank you for your assistance.

Sincerely

Michael Bengry
