Cite specific CEQA and/or CEQA Guideline Section: CEQA Guideline Section 15273. (a) (1-4) Rate, Tolls, Fares, and Charges.

Reasons to support exemption findings (attach additional material, if necessary): CEQA does not apply to the approval of rates for the purpose of meeting operating expenses or for obtaining funds necessary to maintain service within an existing service area. The proposed action would continue existing rates to maintain existing service levels for septic system management. No new capital improvements that would expand existing service levels would be funded by continuation of the existing rates.
