

LAND USE PERMIT NO.: 14LUP-00000-00144

Project Name: BONILLO NEW SFD
Project Address: 849 CHELTENHAM RD, SANTA BARBARA, CA 93105
A.P.N.: 023-172-001
Zone: 7-R-1

The Board of Supervisors hereby approves this Land Use Permit for the project described below based upon compliance with the required findings for approval and subject to the attached terms and conditions.

APPROVAL DATE: 5/3/2016
DATE OF PERMIT ISSUANCE: 5/4/2016

PROJECT DESCRIPTION SUMMARY: New 2,907 square foot residence with a 539 square foot attached garage. Earthwork will include approximately 130 cubic yards of cut and 120 cubic yards of fill. To receive additional information regarding this project and/or to view the application and/or plans, please contact J. Ritterbeck at 123 East Anapamu Street, Santa Barbara, by email (jritterb@co.santa-barbara.ca.us) or by phone ((805) 568-3509).

PROJECT SPECIFIC CONDITIONS: See Attachment "A"

ASSOCIATED CASE NUMBERS: 15APL-00000-00017

PERMIT ISSUANCE: This Land Use Permit will be issued following the close of the appeal period provided an appeal is not filed, or if appealed, the date of final action on the appeal which has the effect of upholding the approval of the permit. Issuance of this permit is subject to compliance with the following terms and conditions:

- 1. Notice.** Notice of this project shall be posted on the project site by the applicant utilizing the language and form of the notice provided by the Planning and Development Department. The notice shall remain posted continuously until at least 10 calendar days following action on the permit, including an action on any appeal of this permit (CLUDC Chapter 35.106 Noticing and Public Hearings). The *Proof of Posting of Notice on Project Site* shall be signed and returned to the Planning and Development Department prior the issuance of the permit.
- 2. Compliance with conditions.** All conditions that are required to be satisfied prior to issuance of the permit have been satisfied and the permit has been signed by the applicant or owner.
- 3. Design Review.** If required, the project has been granted final approval by the appropriate Board of Architectural Review (BAR), and an appeal of that final approval has not been filed.
- 4. Appeals.** An appeal of the approval of this permit, or an appeal of the final approval by the BAR, has not been filed with the County. If an appeal has been filed then the permit shall not be issued until final action on the appeal(s) has occurred which has the effect of upholding the approval of this permit, and, if applicable, the final approval by the BAR.
- 5. Other approvals.** Any other necessary approvals required prior to issuance of this Land Use Permit have been granted.

PERMIT EXPIRATION AND EXTENSION: This permit shall remain valid only as long as compliance with all applicable requirements of the CLUDC and the permit continues, including the conditions of approval specific to this permit. Additionally:

1. The approval of this permit shall expire either 12 months from the effective date of the permit or other period allowed in compliance with an approved Time Extension, and shall be considered void and of no further effect unless the permit is either issued within the applicable period in compliance with the terms indicated above or a valid application for a Time Extension is

submitted prior to the expiration of this 12 month period and is subsequently approved (CLUDC: Section 35.82.110).

2. This permit shall expire two years from the date of issuance and be considered void and of no further effect unless the use and/or structure for which the permit was issued has been lawfully established or commenced in compliance with the issued permit or an application for a Time Extension is submitted prior to the expiration of this two year period and is subsequently approved (CLUDC: Section 35.82.110).
3. The effective date of this permit shall be (a) the day following the close of any applicable appeal period provided an appeal is not filed, or (b) if appealed, the date of final action on the appeal which has the effect of upholding the approval, or (c) some other date as indicated in this permit (CLUDC: Section 35.82.020).

WORK PROHIBITED PRIOR TO PERMIT ISSUANCE: No work, development, or use intended to be authorized pursuant to this permit approval shall commence prior to issuance of this permit and/or any other required permit (e.g., building permit).

OWNER/APPLICANT ACKNOWLEDGMENT: Undersigned permittee acknowledges receipt of this approval and agrees to abide by all conditions and terms thereof. Undersigned permittee also acknowledges that issuance of this permit for this project does not allow construction or use outside of the project description, nor shall it be construed to be an approval of a violation of any provision of any County policy, ordinance or other governmental regulation.

ATTACHMENT A: CONDITIONS OF APPROVAL

Project Description

- 1. Proj Des-01 Project Description:** This Land Use Permit is based upon and limited to compliance with the project description and all conditions of approval set forth below, including mitigation measures and specified plans and agreements included by reference, as well as all applicable County rules and regulations.

The project description is as follows:

The project is for a Land Use Permit and Preliminary Design Review to allow construction of a new approximately 2,907 square foot [gross]/2,338 square foot [net] two-story single-family dwelling with an attached 539 square foot garage. Grading would include 130 cubic yards of cut/export and 120 cubic yards of import/fill. Drainage shall be maintained consistent with historic drainage pattern as it enters and exits the property. A total of four avocado trees are proposed for removal. The parcel would be served by the City of Santa Barbara for water and sewer services, the Santa Barbara County Fire Department, and the Santa Barbara County Sheriff's Department. Access would be provided off of Cheltenham Road. The property is a 0.18-acre parcel zoned 7-R-1 and shown as Assessor's Parcel Number 023-172-001, located at 849 Cheltenham Road in the Mission Canyon area, First Supervisorial District.

Any deviations from the project description, exhibits or conditions must be reviewed and approved by the County for conformity with this approval. Deviations may require approved changes to the permit and/or further environmental review. Deviations without the above described approval will constitute a violation of permit approval.

- 2. Proj Des-02 Project Conformity:** The grading, development, use, and maintenance of the property, the size, shape, arrangement, and location of the structures, parking areas and landscape areas, and the protection and preservation of resources shall conform to the project description above and the hearing exhibits and conditions of approval below. The property and any portions thereof shall be sold, leased or financed in compliance with this project description and the approved hearing exhibits and conditions of approval thereto. All plans (such as Landscape and Tree Protection Plans) must be submitted for review and approval and shall be implemented as approved by the County.

Conditions By Issue Area

- 3. Aest-04 BAR Required:** The Owner/Applicant shall obtain Board of Architectural Review (BAR) approval for project design. All project elements (e.g., design, scale, character, colors, materials and landscaping shall be compatible with vicinity development and shall conform in all aspects to the approved Design Review plans associated with case no. 14BAR-00000-00063.

TIMING: The Owner/Applicant shall submit architectural drawings of the project for review for consistency with those plans approved by the Planning Commission and shall obtain "final" BAR approval prior to issuance of this Land Use Permit.

MONITORING: The Owner/Applicant shall demonstrate to B&S inspection staff that the project has been built consistent with approved BAR design and landscape plans prior to Final Building Inspection Clearance.

- 4. Air-01 Dust Control:** The Owner/Applicant shall comply with the following dust control components at all times including weekends and holidays:
- a. Dust generated by the development activities shall be kept to a minimum with a goal of retaining dust on the site.
 - b. During clearing, grading, earth moving, excavation, or transportation of cut or fill materials, use water trucks or sprinkler systems to prevent dust from leaving the site and to create a crust after each day's activities cease.
 - c. During construction, use water trucks or sprinkler systems to keep all areas of vehicle movement damp enough to prevent dust from leaving the site.
 - d. Wet down the construction area after work is completed for the day and whenever wind exceeds 15 mph.
 - e. When wind exceeds 15 mph, have site watered at least once each day including weekends and/or holidays.
 - f. Order increased watering as necessary to prevent transport of dust off-site.
 - g. Cover soil stockpiled for more than two days or treat with soil binders to prevent dust generation. Reapply as needed.
 - h. If the site is graded and left undeveloped for over four weeks, the Owner/Applicant shall immediately:
 - i. Seed and water to re-vegetate graded areas; and/or
 - ii. Spread soil binders; and/or
 - iii. Employ any other method(s) deemed appropriate by P&D or APCD.

PLAN REQUIREMENTS: These dust control requirements shall be noted on all grading and building plans.

PRE-CONSTRUCTION REQUIREMENTS: The contractor or builder shall provide B&S inspection staff and APCD with the name and contact information for an assigned onsite dust control monitor(s) who has the responsibility to:

- a. Assure all dust control requirements are complied with including those covering weekends and holidays.
- b. Order increased watering as necessary to prevent transport of dust offsite.
- c. Attend the pre-construction meeting.

TIMING: The dust monitor shall be designated prior to approval of first Grading Permit. The dust control components apply from the beginning of any grading or construction throughout all development activities until Final Building Inspection Clearance is issued.

MONITORING: B&S processing planner shall ensure measures are on plans. B&S grading and building inspectors shall spot check; Grading and Building shall ensure compliance onsite. APCD inspectors shall respond to nuisance complaints.

- 5. Bio-10 Storm Water BMPs:** To minimize pollutants impacting downstream waterbodies or habitat, the parking area and associated driveways shall be designed to minimize degradation of storm water quality. Best Management Practices (BMPs) such as landscaped areas for infiltration (vegetated filter strips, bioswales, or bioretention areas), designed in accordance with the California Stormwater BMP Handbook for New Development and Redevelopment (California Stormwater Quality Association) or other approved method shall be installed to intercept and remove pollutants prior to discharging to the storm drain system. The BMPs selected shall be maintained in working order. The landowner is responsible for the maintenance and operation of all improvements. BMP maintenance is required for the life of the project and transfer of this responsibility is required for any subsequent sale of the

property.

PLAN REQUIREMENTS: The BMPs shall be described and detailed on the site, grading and drainage and landscape plans, and depicted graphically. The location and type of BMP shall be shown on the site, building and grading plans.

TIMING: The plans and maintenance program shall be submitted to B&S for approval prior to approval of first Grading/Building Permit.

MONITORING: B&S inspection staff shall site inspect for installation prior to Final Building Inspection Clearance.

- 6. CulRes-09 Stop Work at Encounter:** The Owner/Applicant and/or their agents, representatives or contractors shall stop or redirect work immediately in the event archaeological remains are encountered during grading, construction, landscaping or other construction-related activity. The Owner/Applicant shall retain a P&D approved archaeologist and Native American representative to evaluate the significance of the find in compliance with the provisions of Phase 2 investigations of the County Archaeological Guidelines and funded by the Owner/Applicant.

PLAN REQUIREMENTS: This condition shall be printed on all building and grading plans.

MONITORING: P&D permit processing planner shall check plans prior to approval of first Grading/Building Permit and B&S inspection staff shall spot check in the field throughout grading and construction.

- 7. Noise-02 Construction Hours:** The Owner /Applicant, including all contractors and subcontractors shall limit construction activity, including equipment maintenance and site preparation, to the hours between 7:00 a.m. and 4:00 p.m., Monday through Friday.

No construction shall occur on weekends or State holidays. Non-noise generating interior construction activities such as plumbing, electrical, drywall and painting (which does not include the use of compressors, tile saws, or other noise-generating equipment) are not subject to these restrictions.

Any subsequent amendment to the Comprehensive General Plan, applicable Community or Specific Plan, or Zoning Code noise standard upon which these construction hours are based shall supersede the hours stated herein.

PLAN REQUIREMENTS: The Owner/Applicant shall provide and post a sign stating these restrictions at all construction site entries.

TIMING: Signs shall be posted prior to commencement of construction and maintained throughout construction.

MONITORING: The Owner/Applicant shall demonstrate that required signs are posted prior to grading/building permit issuance and pre-construction meeting. Building inspectors and permit compliance staff shall spot check and respond to complaints.

- 8. Parking-02 Onsite Construction Parking:** All construction-related vehicles, equipment staging and storage areas shall be located onsite and outside of the road and highway right of way. The Owner/Applicant shall provide all construction personnel with a written notice of this requirement and a description of approved parking, staging and storage areas. The notice shall also include the name and phone number of the Owner/Applicant's designee responsible for enforcement of this restriction.

PLAN REQUIREMENTS: Designated construction personnel parking, equipment staging and storage areas shall be depicted on project plans submitted for Grading and Building Permits.

TIMING: A copy of the written notice shall be submitted to P&D permit processing staff prior to approval of first Grading/Building Permit(s). This restriction shall be maintained throughout

construction.

MONITORING: B&S inspection staff shall confirm the availability of designated onsite areas during construction, and as required, shall require re-distribution of updated notices and/or refer complaints regarding offsite parking to appropriate agencies.

- 9. WatCons-03 Water Conservation in Landscaping:** The project is subject to the California Water Conservation in Landscaping requirements. The Owner/Applicant shall fill out, obtain the stamp of the appropriate licensed professional, sign, and submit to P&D a Residential Water Authorization Supplemental application or Water Efficient Landscape Ordinance Supplemental application, as appropriate to the size of the landscape area.

TIMING: The supplemental application shall be completed, stamped, signed, and submitted to P&D prior to issuance of this Land Use Permit. The landscape and irrigation shall be installed per plan prior to Final Building Inspection Clearance.

MONITORING: B&S inspection staff shall check in the field prior to Final Building Inspection Clearance.

County Rules and Regulations

- 10. DIMF-24d DIMF Fees-Fire:** In compliance with the provisions of ordinances and resolutions adopted by the County, the Owner/Applicant shall be required to pay development impact mitigation fees to finance the development of facilities for the Fire Department. Required mitigation fees shall be as determined by adopted mitigation fee resolutions and ordinances and applicable law in effect when paid.

The total Fire DIMF amount is based on a project type of a single-family dwelling.

TIMING: Fire DIMFs shall be paid to the County Fire Department prior to Final Building Permit Inspection and shall be based on the fee schedules in effect when paid, which may increase at the beginning of each fiscal year (July 1st).

- 11. DIMF-24e DIMF Fees-Parks:** In compliance with the provisions of ordinances and resolutions adopted by the County, the Owner/Applicant shall be required to pay development impact mitigation fees to finance the development of facilities for the Parks Department. Required mitigation fees shall be as determined by adopted mitigation fee resolutions and ordinances and applicable law in effect when paid.

The total Parks DIMF amount is based on a project type of a single-family dwelling.

TIMING: Parks DIMFs shall be paid to the County Parks Department prior to Final Building Permit Inspection and shall be based on the fee schedules in effect when paid, which may increase at the beginning of each fiscal year (July 1st).

- 12. DIMF-24g DIMF Fees-Transportation:** In compliance with the provisions of ordinances and resolutions adopted by the County, the Owner/Applicant shall be required to pay development impact mitigation fees to finance the development of facilities for transportation. Required mitigation fees shall be as determined by adopted mitigation fee resolutions and ordinances and applicable law in effect when paid.

The total Transportation DIMF amount is based on a project type of a single-family dwelling.

TIMING: Transportation DIMFs shall be paid to the County Public Works Department-Transportation Division prior to Final Building Permit Inspection and shall be based on the fee schedules in effect when paid, which may increase at the beginning of each fiscal year (July 1st).

- 13. Rules-01 Effective Date-Not Appealable to CCC:** This Land Use Permit shall become effective upon the date of the expiration of the applicable appeal period provided an appeal has not been filed. If an appeal has been filed, the planning permit shall not be deemed effective until final action by the final review authority on the appeal. No entitlement for the use or development shall be granted before the effective date of the planning permit.
- 14. Rules-03 Additional Permits Required:** The use and/or construction of any structures or improvements authorized by this approval shall not commence until the all necessary Planning, Building, Grading and Road Encroachment permits are obtained. Before any Permit will be issued by Planning and Development, the Owner/Applicant must obtain written clearance from all departments having conditions; such clearance shall indicate that the Owner/Applicant has satisfied all pre-construction conditions. A form for such clearance is available from Planning and Development.
- 15. Rules-05 Acceptance of Conditions:** The Owner/Applicant's acceptance of this permit and/or commencement of use, construction and/or operations under this permit shall be deemed acceptance of all conditions of this permit by the Owner/Applicant.
- 16. Rules-20 Revisions to Related Plans:** The Owner/Applicant shall request a revision for any proposed changes to approved plans. Substantial conformity shall be determined by the Director of P&D.
- 17. Rules-23 Processing Fees Required:** Prior to issuance of the first Grading or Building Permit, the Owner/Applicant shall pay all applicable P&D permit processing fees in full as required by County ordinances and resolutions.
- 18. Rules-30 Plans Requirements:** The Owner/Applicant shall ensure all applicable final conditions of approval are printed in their entirety on applicable pages of grading/construction or building plans submitted to P&D or Building and Safety Division. These shall be graphically illustrated where feasible.
- 19. Rules-32 Contractor and Subcontractor Notification:** The Owner/Applicant shall ensure that potential contractors are aware of County requirements. Owner / Applicant shall notify all contractors and subcontractors in writing of the site rules, restrictions, and Conditions of Approval and submit a copy of the notice to P&D compliance monitoring staff.
- 20. Rules-33 Indemnity and Separation:** The Owner/Applicant shall defend, indemnify and hold harmless the County or its agents or officers and employees from any claim, action or proceeding against the County or its agents, officers or employees, to attack, set aside, void, or annul, in whole or in part, the County's approval of this project. In the event that the County fails promptly to notify the Owner / Applicant of any such claim, action or proceeding, or that the County fails to cooperate fully in the defense of said claim, this condition shall thereafter be of no further force or effect.
- 21. Rules-35 Limits:** This approval does not confer legal status on any existing structures or uses on the property unless specifically authorized by this approval.
- 22. Rules-37 Time Extensions-All Projects:** The Owner / Applicant may request a time extension prior to the expiration of the permit or entitlement for development. The review authority with jurisdiction over the project may, upon good cause shown, grant a time extension in compliance with County rules and regulations, which include reflecting changed circumstances and ensuring compliance with CEQA. If the Owner / Applicant requests a time extension for this permit, the permit may be revised to include updated language to standard conditions and/or mitigation measures and

additional conditions and/or mitigation measures which reflect changed circumstances or additional identified project impacts.

Other

- 23. BIO-Special 01 Nesting Habitat or Cover:** To avoid disturbance of nesting and special status birds including raptorial species protected by the Federal Migratory Bird Treaty Act and Sections 3503, 3503.5, and 3513 of the California Fish and Game Code, proposed project activities, including, but not limited to, vegetation removal, ground disturbance, and construction shall occur outside of the bird breeding season (February 1 through August 15). If these activities must begin within the breeding season, then pre-construction surveys shall be conducted. The nesting bird pre-construction survey shall be conducted within the disturbance footprint and a 500-foot buffer as allowable without trespassing on private lands. The survey shall be conducted by a County-qualified biologist familiar with the identification of raptors and special status species known to occur in Santa Barbara County using typical methods. If nests are found, a buffer ranging in size from 25 to 500 feet (25 feet for urban-adapted species such as Anna's hummingbird and California towhee and up to 500 feet for certain raptors) depending upon the species, the proposed work activity, and existing disturbances associated with land uses outside of the site, shall be determined and demarcated by the biologist with bright orange construction fencing, flagging, construction lathe, or other means to mark the boundary. All construction personnel shall be notified as to the existence of the buffer zone and to avoid entering the buffer zone during the nesting season. No ground disturbing activities shall occur within this buffer until the County-qualified biologist has confirmed that breeding/nesting is completed and the young have fledged the nest. Nesting birds surveys are not required for construction activities occurring between August 16 and February 1.

PLAN REQUIREMENTS AND TIMING. If construction must begin within the breeding season, then the pre-construction survey shall be conducted no more than two weeks prior to commencing vegetation removal, grading, or construction activities. Active nests shall be monitored at a minimum of once per week until it has been determined that the nest is no longer being used by either the young or adults. Bird survey results shall be submitted to County Planning and Development for review and approval prior to commencing grading or construction activities, and a copy of the report provided to the CDFG.

MONITORING. P&D shall be given the name and contact information for the biologist prior to initiation of the pre-construction survey. Permit Compliance and P&D staff shall verify compliance in the field and perform site inspections throughout the grading and construction phase(s). P&D staff shall review the survey report(s).

- 24. Drainage Plan:** In the event that runoff and drainage entering the site at the northwest portion of the property from 851 Cheltenham Road via an 18-inch corrugated metal pipe, 12-inch pipe, and rock-lined channel is modified prior to issuance of the first Grading/Building Permit for the new residence, the grading and drainage and landscape plans shall be modified as necessary to accommodate the changed drainage conditions to ensure that runoff entering the site is properly conveyed upon exiting the site and does not exceed pre-project levels.

PLAN REQUIREMENTS: The grading and drainage and landscape plans shall be updated to receive and convey any changed drainage conditions from 851 Cheltenham Road and submitted to B&S for review and approval prior to approval of the first Grading/Building Permit.

TIMING: The plans shall be submitted to B&S for approval prior to approval of the first

Grading/Building Permit.

MONITORING: B&S inspection staff shall site inspect for installation in accordance with the approved plans prior to Final Building Inspection Clearance.
