This project was located on Mahoney Road, 0.76 miles south of Betteravia Road, west of the City of Santa Maria. The work consisted of re-grading the roadway slope, installation of new storm drain system and rock slope protection to repair the storm damaged roadway.

Your Board approved this project in the Fiscal Year 2003/2004 Capital Improvement Plan. The final plans were approved and the project was awarded on June 15, 2004. The Director of Public Works accepted this project as complete on September 28, 2004. The project was completed on time and on budget.
