

## NOTICE OF EXEMPTION

**TO: Santa Barbara County Clerk of the Board of Supervisors**

**FROM: Department of Public Works/Transportation Division**  
(Lead Department/Division)

Based on a preliminary review of the project the following activity is determined to be exempt from further environmental review requirements of the California Environmental Quality Act (CEQA) of 1970 (Pub. Res. Code Section 21000 et seq.), as defined in the State CEQA Guidelines and County Revised CEQA Guidelines.

**APN(s) Right of Way. Project No.820675**

**LOCATION: Second Supervisorial District**

**PROJECT TITLE: Construction of Community Development Block Grant, Calle Real Sidewalks, County**

**PROJECT DESCRIPTION: This proposed project includes all of the following items:**

- Approve the project, Calle Real Community Development Block Grant Sidewalk Phase 2; County Project No. 820675; Second Supervisorial District;
- Authorize the Director of Public Works to advertise for construction bids for the Calle Real Community Development Block Grant Sidewalk Phase 2; County Project No. 820675; Second Supervisorial District;
- Award the construction contract to the lowest responsible bidder, subject to the provision of documents and certifications, as set forth in the plans and specifications applicable to the project, as required under California Law;
- Construction of a 640-foot pedestrian path on the north side of Calle Real from Camino del Remedio to San Antonio Road. This is the final section in an ADA accessible pedestrian path connection from the county campus all the way east to the City of Santa Barbara. Construction is scheduled to begin in February and to be completed in May 2015. Traffic control will be provided during construction
- This exemption considers all further administrative activities for this project including close out and statement of final quantities

Name of Public Agency Approving Project: County of Santa Barbara  
Name of Person or Agency Carrying Out Project: Public Works Transportation Division

- Exempt Status:** (Check one)
- Ministerial
  - Statutory Exemption
  - Categorical Exemption 15301(c)
  - Emergency Project
  - Declared Emergency

**Cite specific CEQA and/or CEQA Guideline Section:** 15301(c) Existing Facilities – Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency’s determination. The types of “existing facilities“, itemized below are not intended to be all inclusive of the types of projects which might fall within Class 1. The key consideration is whether the project involves negligible or no expansion of an existing use. Examples include but are not limited to: (c) Existing highways and streets, sidewalks, gutters, bicycle and pedestrian trails, and similar facilities (this includes road grading for the purpose of public safety).

**Reasons to support exemption findings:** Consistent with this exemption, this proposed project involves safety improvement maintenance activities within an existing road facility. The project allows for a public safety activities designed to maintain highway safety and meet ADA requirements. The project also aims to maintain roadway facilities. Further, there are no unusual circumstances which would create a possibility that there would be a significant effect. Therefore, this project can be found to be categorically exempt from CEQA.

There is no substantial evidence that there are unusual circumstances (including future activities) resulting in (or which might reasonably result in) significant impacts which threaten the environment. The exceptions to the categorical exemptions pursuant to Section 15300.2 of the State CEQA Guidelines are:

- (a) **Location.** Classes 3, 4, 5, 6, and 11 are qualified by consideration of where the project is to be located -- a project that is ordinarily insignificant in its impact on the environment may in a particularly sensitive environment be significant. Therefore, these classes are considered to apply all instances, except where the project may impact on an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted pursuant to law by federal, state, or local agencies.

CEQA Guidelines Section 15301 is a Class 1 exemption; therefore, this exception does not apply.

- (b) **Cumulative Impact.** All exemptions for these classes are inapplicable when the cumulative impact of successive projects of the same type in the same place, over time is significant.

The project involves the repair and maintenance of an existing roadway to improve public safety with sidewalk improvements. In addition, there are no other identified projects which would contribute to cumulative impacts. Therefore, this exception does not apply.

- (c) **Significant Effect.** A categorical exemption shall not be used for an activity where there is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.

The project involves routine safety improvements for the traveling public and pedestrian traffic with ADA improvements. The project will occur where no sensitive resources are located. Therefore, this exception does not apply.

- (d) **Scenic Highways.** A categorical exemption shall not be used for a project which may result in damage to scenic resources, including but not limited to, trees, historic buildings, rock outcroppings, or similar resources, within a highway officially designated as a state scenic highway. This does not apply to improvements which are required as mitigation by an adopted negative declaration or certified EIR.

The project does not involve a scenic highway or a project which may result in damage to a scenic resource, removal of trees, rock outcropping or similar resource. Therefore, this exception does not apply.

- (e) **Hazardous Waste Sites.** A categorical exemption shall not be used for a project located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code.

There are no hazardous wastes site locations in the residential roadway right of way. Therefore, this exception does not apply.

- (f) **Historical Resources.** A categorical exemption shall not be used for a project which may cause a substantial adverse change in the significance of a historical resource.

The roadways involved are not identified as a historical resource. Therefore, this exception does not apply.

Lead Agency Contact Person: Chris Sneddon, Deputy Director, Public Works-Transportation Division, Phone: (805) 568-3064

Department/Division Representative: Morgan M. Jones, Senior Engineering Environmental Planner.

Acceptance Date: **December 8, 2015**  
Distribution: Hearing Support Staff for posting
