EXEMPT STATUS: (Check One)

- Ministerial
- Statutory
- Categorical Exemption [Sec. 15301(c)]
- Emergency Project
- No Possibility of Significant Effect [Sec. 15061(b, 3)]
- Not a Project [Sec. 15378 (b, 5)]

Cite specific CEQA Guideline Section: Section 15378 project means the whole of an action, which has the potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect change, and that is any of the following: (b), Project does not include:(5) Organizational or administrative activities of governments that will not result in direct or indirect physical changes in the environment.

Reasons to support exemption findings (attach additional material, if necessary):

The Santa Barbara County Board of Supervisors is the responsible agency to execute professional services contracts with Rende Consulting Group. The execution of the contracts is an administrative activity and is not a project by definition. The term project refers to the activity which is being approved and which may be subject to several discretionary approvals by governmental agencies. The term project does not mean each separate governmental approval. Further, the execution of the contract will not create any unusual circumstances which would create a possibility that there would be a significant effect.
