SUBJECT: Santa Barbara Jail Sewer Grinder
Project #8664
2nd Supervisorial District

Recommendations:

That the Board of Supervisors:

- A. Approve the plans and specifications for the Santa Barbara Jail Sewer Grinder Project #8664.
- B. Authorize the General Services Department to receive construction bids for this project.

Alignment with Board Strategic Plan:

The recommendations are primarily aligned with Goal No. 2 Ensure the Public Health and Safety and Provide Essential Infrastructure.

Executive Summary and Discussion:

For several years the County of Santa Barbara has been in violation regarding the size of particulate matter discharged into sewer system from the Jail campus on Calle Real. This has caused Goleta Sanitation considerable annual expense in repairs to their equipment and they have stated their intent to pass on these costs and fine the County. The fix is to install a "sewer grinder" to reduce any particulate to an acceptable size. Ten years ago a similar problem was remedied in this manner at Santa Barbara Juvenile Hall on Hollister Avenue.

A study has been completed with engineering drawings to determine the most cost effective placement for the grinder.

Mandates and Service Levels:

No change in service levels.

Fiscal and Facilities Impacts:

The project, including architect fees, inspection fees, construction, and an adequate contingency, is estimated to cost \$250,000.00 and is being funded through Sheriffs Department Budget revenues.

Funds for Capital Project # 8664 have been appropriated and will be available on or after February 21st in Fund 0001 Department 032, Account 8300, Program 1071, Org unit 6095, Project 2156. Upon completion of this Project, the Santa Barbara Jail's sewage system will meet and satisfy Goleta Sanitation's requirements.

Special Instructions:

Please forward a Minute Order to John Green, GS/Facilities Services, Courthouse Annex, 2nd floor.
