All property shall be tagged after acquisition by the Grantee, in accordance with instructions provided.

The purpose of tagging assets is to designate the assets as belongings to DFG. Whenever property is lost, stolen, or destroyed, the Grantee shall immediately report the loss, theft, or destruction to the local law enforcement agency (the California Highway Patrol {CHP} if the crime occurs on either State-owned or State-leased property) and to the DFG Grant Manager, and prepare a Property Survey Report. In the case of stolen property, the Grantee shall also complete a CHP Report of Crime on State Property (STD 99), obtain a copy of the law enforcement agency's report and submit these to the DFG Grant Manager. The Grantee shall adjust their property reports and retain a copy of the Property Survey Report as documentation.

Losses of State property due to fraud or embezzlement shall be reported in the same manner as described above. The Grantee shall be charged with any loss and damages to State property due to the Grantee's negligence.

The Grantee shall, at the request of the State, submit an inventory of property furnished or purchased under the terms of this Grant Agreement. Such inventory will be required not more frequently than annually.

Upon termination, expiration or failure to negotiate renewal of this Grant Agreement, all property purchased with Grant Agreement funds shall promptly be returned to DFG. The Grantee shall prepare an Inventory of State Furnished Property report and submit it to the DFG Grant Manager and shall, at that time, query the DFG Grant Manager as to DFG's requirements, including the manner and method, in returning said property to DFG. Final disposition of such property shall be at DFG's expense in accordance with the instructions from the DFG Grant Manager, to be issued immediately after receipt of the final inventory.

State policies and procedures applicable to procurement with nonfederal funds, shall apply to procurement by the Grantee under this Grant Agreement, provided that procurements conform to applicable State law and the standards identified in this exhibit. These include, but are not limited to: statutes applicable to State agencies; statutes applicable to State colleges and universities; public works projects; the California Constitution governing University of California contracting, the State Administrative Manual; statutes applicable to specific local agencies; applicable city and county charters and implementing ordinances including policies and procedures incorporated in local government manuals or operating memoranda.
