

## **Sec. 52-1. Purpose, authority, and findings.**

(b) The County finds:

(1) That the vending of produce, prepared or prepackaged foods or beverages, goods, and/or wares on sidewalks may pose unsafe conditions and special dangers to the public health, safety and welfare of the residents of the County.

(2) Prohibiting sidewalk vendors within five hundred (500) feet of schools during school hours and pick up and drop off hours [and during school-sponsored events](#) when children are present is necessary to protect the health and safety of school children, since sidewalk vendors operating in close proximity to schools may attract unsupervised children to run into traffic to reach a sidewalk vendor, exposing them to potential injury.
