How is it that an environmental committee will determine business fees? Businesses are leaving Santa Barbara just due to rent increases. Now with environmental fees, more than our adjacent cities, will have to endure more financial pressures which may cause businesses to leave Santa Barbara. Many store fronts on State Street are already empty. Do the right thing for the citizens of SB and keep these fees competitive with neighbor cities.

Good Day SB county – I’m opposed to the EHS and other department fees increase , permits cost increase, inspection cost increases, assessment increases, etc. Thanks, Tim.
