**SUBJECT:** Approval of Resolution for Application to Pursue Funding Under Title V of the Juvenile Justice Delinquency and Prevention (JJDP) Act.

---

**Recommendation(s):**

That the Board of Supervisors:

- a. Adopt the attached resolution (Attachment A) authorizing the Chief Probation Officer, as your lead agent, to sign and submit a Community Prevention Grant proposal to the California Board of Corrections (BOC) in order to pursue funding under Federal Title V of the Juvenile Justice Delinquency and Prevention (JJDP) Act, from July 1, 2005 through June 30, 2006; and
- b. Direct the County's existing Juvenile Justice Coordination Council (JJCC) to function as the County's Prevention Policy Board (PPB), an approved arrangement by the BOC, and in that capacity, review and approve the County's three-year Delinquency Prevention Plan (DPP); and
- c. Assure that the County, if awarded funding, will adhere to the BOC's contract terms and statutory requirements, participate in the collection of the required data, and use grant funding to supplement and not supplant existing programs.

**Alignment with Board Strategic Plan:**

The recommendation is primarily aligned with Goal No. 2, A Safe and Healthy Community in Which to Live, Work, and Visit, and Goal No. 7, A Community that Fosters the Safety and Well-Being of Families and Children.

### **Executive Summary and Discussion:**

Title V of the Juvenile Justice Delinquency and Prevention (JJDP) Act created the Community Prevention Grants Program, a researched-based initiative that focuses on reducing risks and enhancing protective factors to prevent youth from entering the juvenile justice system. Through the JJDP Act, states receive funds to award grants for juvenile delinquency prevention projects within communities/neighborhoods. As the administering agency for this federally funded program, the State Board of Corrections (BOC) will award approximately \$1.9 million in one-year grants to qualified units of local government. Grants are awarded for a one-year period, beginning July 1, 2005, with the possibility of funding for up to two additional years if a project has demonstrated effectiveness and Congress appropriates for subsequent years.

Applicants must have a three-year Delinquency Prevention Plan (DPP) that addresses elements similar to the required components of the Comprehensive Multiagency Juvenile Justice Plan (CMJJP), developed and annually updated by the Juvenile Justice Coordinating Council (JJCC) receiving state funds through the Juvenile Justice Crime Prevention Act (JJCPA). This plan serves as the foundation upon which the applicant develops a proposed project for funding consideration.

Applicants must designate or form a Prevention Policy Board (PPB) comprised of individuals representing a balance of public agencies, private nonprofit organizations serving youth and the families, and business. The PPB must review and approve the DPP. The county's existing JJCC may function as the County's PPB and must review the Delinquency Prevention Plan to determine if it is consistent with the CMJJP.

This year's update of the CMJJP identified two major problematic trends: an increase in the use of methamphetamine by minors; and an increase in gang activity. Santa Barbara's Title V Community Prevention Grant proposal will target the increase of gang activity.

### **Title V Community Prevention Grant Proposal**

The Probation Department, the District Attorney's Office and local Community Based Organizations (CBO), will work collaboratively to provide a gang prevention program, which will primarily target truant minors reaching Step 3 of the Truancy Mediation Program, funded successfully by the JJCPA since 2001. Minors will be assessed for behaviors identifying them as at risk for gang involvement, including truancy, negative peer relationships, aggressive behavior and substance abuse. Referrals will be made to CBOs, who will provide a proven effective, interactive, educational group intervention as the first of a three-component program. As support and parental assistance are an integral part of all successful youth interventions, the second key component of the program will be a supportive, educational parent intervention. Pro-social activities for the entire family will be the third and final component, fostering improved family relationships and redirecting minors from further involvement in the Juvenile Justice System.

### **Performance Measures:**

The Probation Department and the District Attorney's Office track and report 30 specific performance measures related to the JJCPA program of which four are reported in the County's Recurring Performance Measures

System. Of the 30 performance measures tracked, the following are two of the JJCPA measures for the Truancy Mediation Program:

- The rate of arrest of participants within 6 months of program exit from the Truancy Mediation Program will be at or below the rate of the comparison group from the Challenge I Program.
- The successful probation completion rate of participants in the Truancy Mediation Program on 654 or 601 Probation will be at or above the rate of the comparison group from the Challenge I Program.

**Mandates and Service Levels:** (Attachment B)

**Fiscal and Facilities Impacts:**

The Federal Title V Community Prevention Grant will be used to expand services for the JJCPA Truancy Mediation Program. The grant total is \$360,000, which includes a required match of \$120,000.

Probation and District Attorney salaries within the JJCPA Truancy Mediation Program will serve as the 50% required match of \$120,000. The grant does not cause the County General Fund contribution to increase.

The \$240,000 in grant funds consists of \$230,000 to be used for CBO interventions, including an interactive, educational group for minors, an interactive, educational group for parents, and pro-social activities for the family, and \$10,000 for Probation accounting oversight.

There will be no anticipated facility impacts. The grant will use existing facilities, both county-owned and privately owned by CBO collaborative partners.
