RE: Key Site 30

I live on Amethyst; behind the Keysite 30 proposed development site.

I am writing this letter to offer my strong support for the project...This is a well designed plan. I support the density of the project and I appreciate the lengths that developer, Lawnae Hunter has gone to in trying to bring such a quality project to our community. The proposed plan to have single family residences abutting Amethyst and Woodmere, and multi-family housing on the interior of the site is a good one.

I urge the planning commission to approve this project; and acknowledge the need in our community for senior housing.

Sincerely,

Cindy McCuen
