To Our Honorable Santa Barbara County Supervisors –

Hello and thank you all again for your in-depth investigation and support of the Senior MHP Overlay and MHP Zoning Overlay.

It's been inspiring to witness how thorough, patient, well-informed, and conscientious you all are. It's profoundly appreciated to realize you care for our elder community, comprehend the challenges we face, and actually do something to help us!

Those of us who have the privilege of living in senior MHPs are beyond grateful to be able to afford to live in the more serene safety among others who share many of our life experiences, forming the strong neighbor bonds and support we so dearly need as we age. Of course, we love our younger families and treasure visiting with them. At the same time, we cherish being able to amble our streets and not be inhibited by being in the way of children in their natural, boisterous, and healthy play.

While we deeply need and appreciate having senior mobile home parks, we also recognize and support how important it is to preserve mobile home parks as relatively affordable housing for people of all ages.

I hope you know how valuable and appreciated you all are.

Your grateful constituent and friend...

Rama Fox-Cheever
