Summary Text:

The Victim/Witness (VW) Program provides outreach and support to victims of crime. 9.65 FTE are assigned to the program, including 1.0 FTE Mass Victimization Advocate. These staff provide mandatory and optional services to victims in accordance with the Cal OES program guidelines and the Penal Code governing Victim-Witness Assistance Programs. As part of the District Attorney's Office, the Victim/Witness Assistance Program provides comprehensive services, advocacy, and support to victims and witnesses of crime, enabling them to effectively participate in the criminal justice system and restore their physical, financial, and psychological well-being.

Per the Cal OES Grant Agreement, the District Attorney is required to maintain written documentation on file showing authorization by the Board of Supervisors for the District Attorney to sign the Grant Agreement. In order to meet state deadlines and properly receive the grant funding, the District Attorney preliminarily executed the Grant Agreement pending formal authority from the Board of Supervisors. The purpose of this Board Letter is to request Board acceptance of and authorize the District Attorney to execute the Grant Agreement with Cal OES for Victim/Witness Program grant award VW22 41 0420 for the award period of October 1, 2022 through September 30, 2023, in the amount of \$751,614.

Background:

Since 1978, the District Attorney has received partial funding through Cal OES to provide comprehensive services to crime victims in Santa Barbara County. Since 1978, the Victim/Witness Assistance Program has evolved to become a county-wide program offering comprehensive mandatory and optional services to all victims of crime. In addition to the 9.65 FTE partially funded by the grant, volunteer staff from local universities and trade schools are utilized to contact victims of property crimes, DUI with injury offenses, and misdemeanor batteries to provide case status/disposition, restitution assistance, referral counseling, victim compensation, and property return assistance. As time permits and victims' needs warrant, Victim Advocates provide field visits and/or transportation assistance to and from the VW Program offices.

Referrals to the VW Program come from various social, medical, and law enforcement agencies. Upon receipt of a referral, advocates conduct an assessment to determine the extent of optional services necessary. Volunteers provide a range of services including orientation to the criminal justice system, case status, victim of crime claim assistance, property return, and restitution assistance. This allows Program staff to focus on serious misdemeanor and felony cases. For sexual assault cases, Victim Witness Advocates respond during business hours to Sexual Assault Response Team (SART) sites where sexual assault medical exams and forensic interviews are conducted to provide crisis intervention and support services to children and their families. The SART team is comprised of members of local law enforcement, public health nurses, the District Attorney's Office, rape crisis advocates, Child Abuse Listening and Mediation child interview specialists, and Child Welfare Services social workers.

The VW Program is overseen by a Program Director. Two Victim Witness Program Supervisors oversee Program Advocates in North and South County, in addition to providing direct services to victims of crime. The Victim Advocates have a minimum of three years of experience with the criminal justice or social services systems in interviewing, counseling, and providing referrals. As part of this grant, the District Attorney's Office applied for and received additional grant funding for 1.0 FTE Mass Victimization Advocate (MVA), who has been specially trained to respond to mass casualty events. This individual is responsible for implementing a Crisis Response Plan and handles a reduced caseload.
