Dear Honorable Board of Supervisors Members: Supervisor Das Williams, Supervisor Laura Capps, Supervisor Joan Hartmann, Supervisor Bob Nelson, and Supervisor Steve Lavagnino,

My name is Shereen Khatapoush and I have had the privilege of working for the County for almost 9 years. As you know, on our website where job openings are advertised it says, "public service in paradise" and I couldn't agree more! And, as you also know, it's expensive to live in paradise! I'm writing to ask and urge you to please do the best you can in contract negotiations and give your employees the same cost of living increase that you gave yourselves.

Thank you!

Shereen
